New Directions in the Study of Justice, Law, and Social Control School of Justice Studies, 2013-11-11 The publication of this anthology culminates what began as a Visiting Distinguished Scholars Lecture Series sponsored by the School of Justice Studies When Dr John M Johnson was awarded the Arizona State University Graduate College s Distinguished Research Award for 1986-1987 the School faculty voted to use the accompanying stipend to bring several scholars to campus Each visiting scholar was commissioned to present an original paper on contemporary issues in justice and to meet with graduate students and faculty during a week long visit to campus This collection of essays promotes wide ranging conceptions of justice As first conceived we

sought to bring an interdisciplinary perspective to the study of justice as a way of intellectually extending the current focus of research and teaching As it developed the collection permitted us to reflect on our own instructional program in law and the social sciences and to promote a conception of social conflict and control which includes social political economic and legal controls *Tranquility* David W. Henderson, 2015-09-01 There's never enough time So we try to cram as much as possible into what little time we have work friends play rest But what if How do I fit it all in isn't the right question Scripture has a lot to say about time Taking a cue from Ecclesiastes Better one handful with tranquility than two handfuls with toil and chasing after the wind and drawing on everything from Augustine's Confessions to conversations with air traffic controllers David W Henderson encourages us to move beyond merely trying to open up a bit of margin or to say no once in a while and to take a purposeful step back from our lives to examine those internal and external dynamics that propel us into busyness and hurry Sharing honest stories about his own struggles with busyness he helps readers explore the way the Scriptures frame our time understanding the times making the most of the time and trusting God with the rest For anyone who is tired of feeling the push and pull of our time bent culture this book will be a welcome invitation to rest and to live artful and faithful lives marked by peace and tranquility **Modernism and the Machinery of Madness** Andrew

Gaedtke, 2017-10-26 Modernism and the Machinery of Madness demonstrates the emergence of a technological form of paranoia within modernist culture which transformed much of the period's experimental fiction Gaedtke argues that the works of writers such as Samuel Beckett Anna Kavan Wyndham Lewis Mina Loy Evelyn Waugh and others respond to the collapse of categorical distinctions between human and machine Modern British and Irish novels represent a convergence between technological models of the mind and new media that were often regarded as thought influencing machines Gaedtke shows that this literary paranoia comes into new focus when read in light of twentieth century memoirs of mental illness By thinking across the discourses of experimental fiction mental illness psychiatry cognitive science and philosophy of mind this book shows the historical and conceptual sources of this confusion as well as the narrative responses This book contributes to the fields of modernist studies disability studies and medical humanities **Muriel Spark** David Herman, 2010-06 A

Spark,2001 Muriel Spark in prime form one of her most enjoyable complex and instructive jeux d esprit **The Bloomsbury Handbook to Ageing in Contemporary Literature and Film** Sarah Falcus,Heike Hartung,Raquel Medina,2023-06-29 Across more than 30 chapters spanning migration queerness and climate change this handbook captures how the interdisciplinary and intersectional endeavor of Age ing studies has shaped contemporary literary and film studies In the early 21st century the literary study of age and ageing in its cultural context has come of age it has come to supplement and challenge a public discourse on ageing seen mainly as a political and demographic problem in many countries of the world Following a tripartite structure it looks first at literary and film genres and how they have been shaped by knowledge about age and ageing incorporating both narrative genres as well as poetry drama and imagery The second section includes chapters on key themes and concepts in Age ing Studies with examples from film and literature The third section brings together case studies focussing on individual artists national traditions and global ageing Containing original contributions by pioneers in the field as well as new scholars from across the globe it brings together current scholarship on ageing in literary and film studies and offers new directions and perspectives *Almost Catholic* Jon Sweeney,2008-05-23 Jon Sweeney a self described evolved Protestant and noted religious writer has long been fascinated by the Catholic Church However it wasn t until he was a young missionary in the Philippines that he truly began to understand the Church s traditions mysteries and religious beliefs and its hold on those who follow the tradition As he explains Catholic spirituality is all about responding to the fundamental mystery of Jesus the incarnation and what it all meant in the beginning as well as what it means today In *Almost Catholic* Sweeney offers an appreciation of Catholicism weaving in the story of his own explorations with those of others who have also been attracted to this tradition He finds himself drawn to the Church s ancient and medieval traditions out of a desire to connect with the deepest and widest paths on the way Two millennia of saints and practices and teachings and mystery form a connection for him to the very beginnings of Christianity *Memento Mori* Robert Chase,2007-10 *Memento Mori* is a follow up to the author s previous book *Dies Irae* and is devoted to the modern settings of memorial music Included is a wide variety of music from various religious and secular music traditions *Selected Poems* Kenneth Patchen,1957 Poems of humor protest love and wonder by one of America s most original voices **Tone** Judith Roof,2020-10-29 Tone is often decisive in whether we love or dislike a story novel or even critical essay Yet literary critics rarely treat tone as a necessary or important element of literary style or critique There are surprisingly few analyses of what tone is how texts produce tone or the ways tone as an essential element of narration contributes to character story mood and voice Tone s 24 micro chapters offer a playful eclectic and fast paced guide into the creation of tone in a variety of modern and contemporary works of literature by such varied writers as Hemingway Woolf and Sedaris as well as in criticism advertising and machine authored texts Judith Roof shows how tone is a crucial element in all writing as it produces the illusion of a telling voice creates a sense of character personality and attitude inflects events recounted

anticipates certain directions and possibilities and creates an ambiance that simultaneously produces enables and shapes narratives and characters Tone gives us a lively and original way to rethink the practice of literary criticism Representing Vulnerabilities in Contemporary Literature Miriam Fernández-Santiago,Cristina M. Gámez-Fernández,2022-12-01

Representing Vulnerabilities in Contemporary Literature includes a collection of essays exploring the ways in which recent literary representations of vulnerability may problematize its visibilization from an ethical and aesthetic perspective Recent technological and scientific developments have accentuated human vulnerability in many and different ways at a cross national and even cross species level Disability technological and ecological vulnerabilities are new foci of interest that add up to gender precarity and trauma among others as forms of vulnerability in this volume The literary visualization of these vulnerabilities might help raise social awareness of one s own vulnerabilities as well as those of others so as to bring about global solidarity based on affinity and affect However the literary representation of forms of vulnerability might also deepen stigmatization phenomena and trivialize the spectacularization of vulnerability by blunting readers affective response towards those products that strive to hold their attention and interest in an information saturated global entertainment market **Against the Forgetting** Hans Faverey,2004 A stunning selection of poems from the great twentieth century Dutch poet
