How Canadians Communicate V David Taras,Christopher Waddell,2016-03-15 Fewer Canadians than ever are lacing up skates swimming lengths at the pool practicing their curve ball and experiencing the thrill of competition However despite a decline in active participation Canadians spend enormous amounts of time and money on sports as fans and followers of sporting events and sports culture Never has media coverage of sports been more exhaustive and never has it been more driven by commercial interests and the need to fuel consumerism on which corporate profits depend But the power plays now occurring in the arena of sports are by no means solely a matter of money At issue as well in the media capture of sports are the values that inform our daily lives the physical and emotional health of the population and the symbols so long central to a sense of Canadian identity Writing from a variety of perspectives the contributors to this collection set out to explore the impact of the media on our reception of and attitudes toward sports to unpack the meanings that sports have for us as citizens and consumers Some contributors probe the function of sports as spectacle the escalation of violence controversies over drug use and the media s coverage of tragic deaths while others shed light on the way in which the media serve to transform sports into a vehicle for the expression of identity and nationalism The goal is not to score points but to prompt critical discussion of why sports matter in Canadian life and culture and how they contribute to the construction of identity

Le Football Russ Crawford, 2016-08 There are two kinds of football in France American football was first played in France in 1909 during the cruise of the Great White Fleet Then during World War I the American military shipped footballs helmets and shoulder pads alongside rifles and ammunition to the western front A 1938 tour of two teams led by Jim Crowley of Fordham University maintained the game until World War II when the arrival of millions of young Americans in France motivated the U.S. military to sponsor several bowl games During the 1950s and 1960s when the United States occupied bases in France during the Cold War American soldiers sailors and airmen played more than a thousand football games When France withdrew from NATO however American bases were forced to close leaving American football without a natural home on Gallic shores In the 1970s American college and semi-pro teams tried once more to generate interest in the game among French nationals through a series of tours but until a French physical education instructor vacationed in Colorado and brought equipment back to France there was little local enthusiasm for the sport On the back of that vacation and from one team in Paris organized American football in France grew to more than 215 teams with more than 22 000 active players today Le Football tackles the struggles and successes of American football in France and discusses how unlike baseball and basketball football has never been an overt instrument of American cultural influence Russ Crawford keeps the chains moving as he shows how the modern homegrown sport

developed largely independent of American encouragement into a small but successful culture **The NFL in the 1970s**
