Fallen Angels and the History of Judaism and Christianity Annette Yoshiko Reed,2005-11-28 This book considers the early history of Jewish Christian relations focussing on the fallen angels *Jewish-Christianity and the History of Judaism* Annette Yoshiko Reed,2018-07-12 Jewish Christianity is a contested category in current research But for precisely this reason it may offer a powerful lens through which to rethink the history of Jewish Christian relations Traditionally Jewish Christianity has been studied as part of the origins and early diversity of Christianity Collecting revised versions of previously published articles together with new materials Annette Yoshiko Reed reconsiders Jewish Christianity in the context of Late Antiquity and in conversation with Jewish studies She brings further attention to understudied texts and traditions from Late Antiquity that do not fit neatly into present day notions of Christianity as distinct from Judaism In the process she uses these materials to probe the power and limits of our modern assumptions about religion and identity **The Jewish Bible and the Christian Bible** Julio Trebolla Barrera,2023-03-20 This wide ranging handbook presents an overview of our current knowledge on the history of the Bible

Divided into three parts it shows how the collections of canonical and apocryphal books were formed explains the transmission and translation of the Biblical texts and describes biblical interpretation in Judaism and Christianity Incorporating the immense amount of information that has become available since the discovery of the Dead Sea Scrolls the author sets out to bridge the gaps between widely different areas and trends in the field of Biblical Studies canonical and apocryphal literature written and oral traditions rabbinic and Christian exegesis and modern critical exegesis and literal and allegorical interpretation among others Uniquely Trebolle Barrera also looks at the Wirkungsgeschichte of the Bible in relation to the Greek and Roman world the Renaissance and the Enlightenment Scholars students and interested lay persons alike will benefit from the wealth of general information found here as well as detailed discussion on many topics currently under debate from the significance of Qumran to the influence of the Semitic and Greek world on Christianity *Religion (Vorkonstantinisches Christentum: Neues Testament [Sachthemen])* Wolfgang Haase, 2016-09-26 Keine ausführliche Beschreibung für Religion Vorkonstantinisches Christentum Neues Testament Sachthemen verfügbar *Paratext and Megatext as Channels of Jewish and Christian Traditions* August den Hollander, Ulrich Schmid, Willem Smelik, 2020-01-29 Religious traditions are channeled to new audiences by textual markers which inform their understanding and influence Such markers are signs of contextualisation which belong to the paratext of a tradition textual elements that do not belong to the core text itself but belong to their embedding and as such affect their reception Alternatively some texts function purposely in tandem with another text and cannot be understood without that text While the second text informs the way the first one is being understood it can hardly function independently The discussions include the arrangement of textual blocks in the Hebrew Bible how the oral transmission of Jewish Aramaic Bible translations had to be recited as a counterpoint to the Hebrew chant how synagogue poetry presupposes the channels of liturgical instruction how the Talmud can be perceived as a translation of Mishnah how the presence of paratextual elements such as annotations and prefaces influenced the Index Librorum Prohibitorum concerning 16th century Bibles the function of paratext and scope for modern Bible translations This volume will tentatively explore the wide range of paratext and megatext as devices of channeling religious traditions

Christianity Graham Stanton, 2013 Collection of texts published previously *The Role of the Synagogue in the Aims of Jesus* Jordan J. Ryan, 2017-11-15 Reviewing what we now know about actual synagogues in the land of Israel and their public role in Jewish life and culture Jordan J Ryan shows that Gospel narratives placed in synagogues accurately reflect the ancient synagogue setting He argues for the historical plausibility of the setting of these narratives and suggests that synagogue research must be a starting point for their interpretation He further argues that Jesus's efforts at the restoration of Israel were intentionally aimed at the synagogue as an institution of public and political life *Orality and Literacy in Early Christianity* Pieter Botha, 2012-11-01 The history of the Jesus movement and earliest Christianity requires careful attention to the characteristics and peculiarities of oral and literate traditions Understanding the distinctive elements of Greco Roman literacy potentially has profound implications for the historical understanding of the documents and events involved Concepts such as media criticism orality manuscript culture scribal writing and performative reading are explored in these chapters The scene of Greco Roman literacy is analyzed by investigating writing and reading practices These aspects are then related to early Christian texts such as the Gospel of Mark and sections from Paul's letters **Jewish-Christian Interpretation of the Pentateuch in the Pseudo-Clementine Homilies** Donald H. Carlson, 2013-09-01 The pseudo Clementine writings are one of the most intriguing and valuable sources for early Jewish Christianity They offer a second or third century polemic against the form of Christianity that eventually won out the Gentile majority law free Christianity that took Paul as its champion Carlson's interest here is in the highly unusual theory expressed in the Homilies that the Pentateuch is saturated with false pericopes and that the teaching of Jesus the true prophet is the criterion for establishing what the Pentateuch really means **Christianity and the Qur'an** Gabriel Said Reynolds, 2025-09-02 A leading Qur'anic scholar's revisionary account of how Islam emerged in dialogue with Christian traditions Challenging the dominant narrative about the history of the Qur'an and the emergence of Islam in a predominantly pagan context Gabriel Said Reynolds presents the Qur'an as a text born within a largely Christian culture As he examines the ways the Qur'an engages with Christian traditions not only those of the New Testament but also those of late antique Christian literature and with Christians themselves Reynolds also draws on recent scholarship on pre Islamic Arabic inscriptions suggesting that monotheism Christianity in particular was a significant presence in the pre Islamic Hijaz the region in which Muhammad preached This study re-situates the Qur'an as a text thoroughly concerned with Christianity not just the longer narratives of individuals such as Mary and Jesus but also passages that do not mention Christians explicitly The Qur'an's stance toward Christianity is on occasion controversial aiming to advance Islamic theology and undermine Christian apologetical arguments yet the Qur'an is not always polemical At times the text makes use of the audience's knowledge of the Bible to advance its own vision of God and God's relationship with humanity *Jewish and Christian Scriptures* James H. Charlesworth, Lee Martin McDonald, 2010-07-29 **Judaism, Christianity, and Islam in the Course of History: Exchange and Conflicts** Lothar Gall, Dietmar Willoweit, 2016-07-11

Judaism, Christianity, and Islam: The Classical Texts and Their Interpretation, Volume II F. E. Peters, 1990-08-15 F E Peters has taken the basic texts of the three related and competitive religious systems we call Judaism Christianity and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham Through these extensive passages and the author's connective commentary the three traditions are shown with their similarities sometimes startlingly underlined and their well known differences now more profoundly exposed What emerges from this ambitious work is a panorama of belief practice and sensibility that will broaden our understanding of our religious and political roots in a past that is by these communities definition still the present Throughout the work we hear an amazing variety of voices some familiar some not all of them central to the primary and secondary canons of their own tradition alongside the Scriptural voice of God are the words of theologians priests visionaries lawyers rulers and the ruled From publisher description

Prophets and Prophecy in the Late Antique Near East Jae Hee Han, 2023-11-09 Offers an interdisciplinary account of prophecy as a topic of discourse among various late antique Near Eastern communities Against assumptions that prophecy ceased in the past this book argues that it remained a topic of discourse among various Near Eastern communities

Jewish Materialism Eliyahu Stern, 2018-03-20 A paradigm shifting account of the modern Jewish experience from one of the most creative young historians of his generation To understand the organizing framework of modern Judaism Eliyahu Stern believes that we should look deeper and farther than the Holocaust the establishment of the State of Israel and the influence and affluence of American Jewry Against the revolutionary backdrop of mid nineteenth century Europe Stern unearths the path that led a group of rabbis scientists communal leaders and political upstarts to reconstruct the core tenets of Judaism and join the vanguard of twentieth century revolutionary politics In the face of dire poverty and rampant anti-Semitism they mobilized Judaism for projects directed at ensuring the fair and equal distribution of resources in society Their program drew as much

from the universalism of Karl Marx and Charles Darwin as from the messianism and utopianism of biblical and Kabbalistic works Once described as a religion consisting of rituals reason and rabbinics Judaism was now also rooted in land labor and bodies Exhaustively researched this original revisionist account challenges our standard narratives of nationalism secularization and de Judaization
