Orange Fairy Book Andrew Lang:

The Orange Fairy Book Andrew Lang, 2013-06-19 The Magic Mirror The Two Caskets The Clever Cat The White Slipper and The Girl Fish 33 tales from Jutland Rhodesia Uganda and various European traditions 58 illustrations *The Orange Fairy Book* Various, 2022-08-10 The Orange Fairy Book is a sweet and cute collection of stories about fairies and fairy tale creatures The Orange Fairy Book is part of a series of 25 collections of true and fictional stories for children published between 1889 and 1913 by Andrew Lang and his wife Leonora Blanche Alleyne **The Orange Fairy Book** Andrew Lang, 2012 The Fairy Book Series is further enriched by the addition of this latest volume which is quite as gorgeous as the preceding ones though the author might well be supposed to have exhausted his supply of colors and fairy tales Mr Lang after traveling the world over to collect stories asks why the stories of the remotest people resemble each other Fortunately he answers the question himself Of course in the immeasurable past they have been carried about by conquering races and learned by conquering races from vanquished peoples Slaves carried far from home brought their stories with them into captivity Wanderers travelers shipwrecked men merchants and wives stolen from alien tribes have diffused the stories gipsies and Jews have peddled them about Roman soldiers of many different races moved here and there about the Empire have trafficked in them From the remotest days men have been wanderers and wherever they went their stories accompanied them The Story of the Hero Makowa begins in the good old way once upon a time and the temptation to follow the hero is irresistible even though he seeks a deep black pool where the crocodiles lived He makes giants shrink and claps them into a bag which he carries easily because he increases in size and strength with every encounter with an enemy Perhaps the author intends to point a moral and he certainly adorns the tale with incredible deeds of adventure Ian The Soldier's Son has a wonderful career in his search for the daughters of Grianig Magic transformation takes place on every page Thus a brown haired youth is changed into a raven and back again to his own self and a beautiful maiden whom the wicked enchanter had turned into a horse is released from the spell through the courage of the soldier's son The Ugly Duckling and The Two Caskets are familiar titles but the sparrows who twittered Ashes ashes are new features as are also the talking doves in The Enchanted Wreath The cruel stepmother figures as usual and her punishment is in proportion to her crime The artist is almost as great a magician as the author and his pictures are so bewitching that even without the colors they would hold one spell bound The Princess Bella Flor a shimmer of beauty silks and gems fills one side of the page and the other elements of the story from the gallant knight on a noble charger to a speckled hen such as may be seen in any farm yard are assembled in the remaining space Mr Lang realizes that children are discerning judges and just to the point of severity so he is very careful to punish the guilty and reward the good and nearly every tale ends in peace and happiness This book is fully illustrated and annotated with a rare extensive biographical sketch of the author Andrew Lang written by Sir Edmund Gosse CB a contemporary poet and writer **The Orange Fairy Book** Andrew Lang, 2021-05-18 Andrew Lang's Fairy Books also

The Orange Fairy Book Andrew Lang, 2017-12-27 Andrew Lang's 12 Coloured Fairy Books are some of his best known works The Orange Fairy Book gathers 33 tales from Jutland Zimbabwe Uganda and various other European traditions In the Preface to the third volume Lang expressed the view that it would be probably the last of the collection Their continuing popularity however demanded a further 2 collections after this one

The Orange Fairy Book Andrew Lang, 2016-04-12 The children who read fairy books or have fairy books read to them do not read prefaces and the parents aunts uncles and cousins who give fairy books to their daughters nieces and cousins leave prefaces unread For whom then are prefaces written When an author publishes a book

out of his own head he writes the preface for his own pleasure After reading over his book in print to make sure that all the u
 s are not printed as n s and all the n s as u s in the proper names then the author says mildly in his preface what he thinks
 about his own book and what he means it to prove if he means it to prove anything and why it is not a better book than it is
 But perhaps nobody reads prefaces except other authors and critics who hope that they will find enough in the preface to
 enable them to do without reading any of the book This appears to be the philosophy of prefaces in general and perhaps
 authors might be more daring and candid than they are with advantage and write regular criticisms of their own books in
 their prefaces for nobody can be so good a critic of himself as the author if he has a sense of humour If he has not the less he
 says in his preface the better These Fairy Books however are not written by the Editor as he has often explained out of his
 own head The stories are taken from those told by grannies to grandchildren in many countries and in many languages
 French Italian Spanish Catalan Gaelic Icelandic Cherokee African Indian Australian Slavonic Eskimo and what not The stories
 are not literal or word by word translations but have been altered in many ways to make them suitable for children FAIRIES
