Ordinary Wisdom Biographical Aging And The Journey Of Life:

Ordinary Wisdom William Lowell Randall, Gary M. Kenyon, 2001 Randall and Kenyon examine the concept of wisdom. What wisdom is exactly has vexed thinkers throughout the history of thought. Indeed for much of modern times the topic has been taboo given the intellectual climate created by such movements as analytic philosophy, behaviorist psychology and cognitive science. This study adds to a growing movement that is reclaiming wisdom as a meaningful concept by viewing human development in terms of metaphors that enrich models like mind as computer which proposes mental activity is reducible to processing information. Randall and Kenyon's metaphors are life as story and life as journey and their conceptual extension life as adventure ordinary metaphors with extraordinary implications. Through the lenses of these intertwining time honored tropes the authors see wisdom not as an unattainable ideal nor as the sole province of experts or educators, geniuses, therapists or saints. Rather it is potentially within the reach of everyone not as a commodity but as a quality of life as a matter of being not of having. Insofar as everyone is on a journey and has or is a story everyone has access to an ordinary wisdom which it behooves people to explore and express. This book will be of particular interest to scholars, students and researchers involved with psychology, gerontology, theology, philosophy and education.

Alterszäsuren Thorsten Fitzen, Sandra Linden, Kathrin Liess, Dorothee Elm von der Osten, 2011-11-30 Der textwissenschaftlich ausgerichtete Sammelband stellt den Begriff der Alterszeit als heuristisches Instrument in den Mittelpunkt um das Problem der Messbarkeit und sinnhaften Strukturierung von Lebenszeit in ihrer historischen Bedingtheit nachzuzeichnen. Die Beiträge untersuchen aus literaturwissenschaftlicher, theologischer und historischer Perspektive Texte von der altorientalischen Zeit bis ins 20. Jahrhundert und fragen, wie die verschiedenen von Lebensphasen dazu Anlass gaben, über die individuelle Lebenszeit und die gesellschaftlich kulturell geprägten Erwartungsnormen für die jeweiligen Altersstufen zu reflektieren. In Einzelstudien wird dargestellt, wie Alterszäsuren einerseits zum Interpretament der ästhetischen und narrativen Inszenierung des Lebens werden und wie sich andererseits in ihnen bergeordnete Vorstellungen von einem heilsgeschichtlich determinierten Zeitplan bis zur irreversibel linearen und kontingenten Zeit in der Moderne spiegeln.

Drehbücher des Alter(n)s Ludwig Amrhein, 2008-12-17 In dieser Arbeit wird der Versuch unternommen, methodische, theoretische und empirische Bausteine für eine angemessene Erforschung der Lebensführung und -stilisierung im Alter und über den Lebensverlauf hinweg zu liefern. Im ersten Teil wird der bisherige theoretische und empirische Forschungsstand systematisch rekonstruiert, woraus Schlussfolgerungen für Theorien und methodenintegrative Anschlussmöglichkeiten gezogen werden. In einem zweiten Teil werden die soziologischen und sozialgerontologischen Forschungspotenziale aufgegriffen und zu einem Modell der gesellschaftlichen Konstruktion der Lebensführung im Alter verdichtet. Der dritte Teil schließlich verdeutlicht anhand von ausgewählten Ergebnissen einer qualitativen Studie zur Lebensführung im Alter die empirische Anwendbarkeit der konzeptionellen Überlegungen. Die grundlegende These dieser Arbeit lautet, dass die alltägliche Lebensführung im Alter aus

einer nutzenorientierten Selektion von sozial konstruierten und biographisch angeeigneten Deutungs und Handlungsmodellen des Alters resultiert **The Encyclopedia of Adulthood and Aging, 3 Volume Set** Susan K. Whitbourne, 2016-01-19 This authoritative reference work contains more than 300 entries covering all aspects of the multidisciplinary field of adult development and aging Brings together concise accurate summaries of classic topics as well as the most recent thinking and research in new areas Covers a broad range of issues from biological and physiological changes in the body to changes in cognition personality and social roles to applied areas such as psychotherapy long term care and end of life issues Includes contributions from major researchers in the academic and clinical realms 3 Volumes www.encyclopediaadulthoodandaging.com **Exploring Existential Meaning** Gary T. Reker, Kerry Chamberlain, 2000 Both implicit and existential meaning are important constructs in fully understanding human experience The editors of this volume present a forum for an array of viewpoints and recent research that address the notion of optimal human growth

Finance and Society in 21st Century China Junie T. Tong, 2016-04-15 In this revealing book Junie Tong reflects on the role of banking and finance in China The author adopts a critical perspective that views the societal as well as economic functioning of banking and finance Finance and Society in 21st Century China considers how far the modern economy is disconnected from Chinese culture and history and the problems this separation may cause She questions the common assumption that China has outgrown its reliance on its Western counterparts The author believes that the country is still very much dependent on exports and foreign investments and any radical or rapid reduction in either would have serious adverse consequences for China's sustainable economic growth To provide a model for finance and society that integrates culture and economy Tong draws on the seminal work of Belgian economist banker and social commentator Bernard Lietaer who has focused on cultural forces and the future of money in the world generally Using representative case studies for illustration Tong applies Lietaer's work in a specifically Chinese context highlighting the need to root finance and enterprise in the rhythms and forces within Chinese culture to avoid future chaos and achieve socio economic stability in a country now so critical to global well being Positive Psychology Shane J. Lopez, 2008-08-30 Positive psychology is a movement that emphasizes what is right with people rather than what is wrong with them Most of psychology tends to focus on negatives and mental illness Positive psychology is an attempt to redress the balance and focus on the positive aspects of life human strengths and virtues that are found in the happiest people Positive psychology development programs are becoming commonplace in businesses schools and places of worship Social scientists have learned more about how people respond to emotional experiences in productive ways They now know more than they once did about curbing the effects of negative emotions about making the most of positive emotions and about how these practices lead to positive life outcomes Given these discoveries this set addresses the strengths emotions positive growth and human flourishing of positive psychology The essays expose the reader to the psychological findings that will shape positive psychology for decades to come Each chapter

is written with the goal of bringing research in positive psychology to life for the reader The real world implications of scholarship are communicated via anecdotes and case studies *Handbook of Research on Adult Learning and Development* M Cecil Smith, Nancy DeFrates-Densch, Assistant Editor, 2008-11-19 The time is right for this comprehensive state of the art Handbook that analyzes integrates and summarizes theoretical advances and research findings on adult development and learning a rapidly growing field reflecting demographic shifts toward an aging population in Western societies Featuring contributions from prominent scholars across diverse disciplinary fields education developmental psychology public policy gerontology neurology public health sociology family studies and adult education the volume is organized around six themes theoretical perspectives on adult development and learning research methods in adult development research on adult development research on adult learning aging and gerontological research policy perspectives on aging The Handbook is an essential reference for researchers faculty graduate students and practitioners whose work pertains to adult and lifespan development and learning *Journal of Personality* ,2004 **Positive Psychology: Discovering human strengths** Shane J. Lopez, 2008 Most of psychology focuses on negatives and illnesses Positive psychology is an attempt to redress the balance and focus on the positive aspects of life human strengths and virtues that are found in the happiest people **Narrative Gerontology** Gary M. Kenyon, Phillip G. Clark, Brian De Vries, 2001 Narrative gerontology focuses on the possibilities of the life as story metaphor in the field of aging Effectively integrating theory research and practice this volume emphasizes the ways narrative approaches such as guided autobiography and life review can be incorporated into practice The goal is to improve the quality of care and the quality of life for older adults especially those with chronic illness and those near the end of their lives Professionals within the fields of gerontology social work counseling family therapy nursing medicine and occupational therapy will all find valuable insights on how to incorporate narrative approaches into their work Book jacket

A Guide to Humanistic Studies in Aging Thomas R. Cole, Ruth E. Ray, Robert Kastenbaum, 2010-06 Aging has long been of interest to scholars and practitioners in a vast array of academic fields and professions Thomas R Cole Ruth E Ray and Robert Kastenbaum have brought together leaders from a variety of academic realms to explore how aging is depicted in the modern era and the effect of these portrayals on individuals and society **Qualitative Gerontology** Graham D. Rowles, 2002 The authors provide a contemporary perspective on the status of qualitative research in gerontology The second edition examines recent trends in the application of qualitative methodologies and the emergence of new qualitative techniques such as focus groups studies of personal histories and the use of photography Chapters include discussions of critical and feminist perspectives practice issues ethical issues and the contribution of qualitative research to the progress of science **Critical Perspectives on Ageing Societies** Miriam Bernard, Thomas Scharf, 2007 This important new book brings together some of the best known international scholars working within a critical gerontology perspective Together they review and update our understanding of how the field has developed over the last twenty five years and through the lens

of passionate scholarship provide a challenging assessment of the complex practical and ethical issues facing older people and those who conduct research on ageing in the 21st century The contributions extend the critical gerontological approach conceptually methodologically and practically They offer close and scholarly analysis of policies affecting the lives of older people and provide insights into why research is done in particular ways Special attention is paid to feminist contributions and new approaches to working in partnership with older people age discrimination and ageism the impact of neo liberal policies and the passage of various human rights instruments the re medicalisation of later life the participation of older people in research and justice between generations The editors and contributors offer suggestions for promoting change and an exciting set of visions and perspectives for the renewal and development of critical gerontology in the years ahead Critical Perspectives on Ageing Societies will be a valuable resource for all students academics and practitioners interested in ageing and the life course The Encyclopedia of Aging ,2001 Work contains many cross references and an extensive bibliography

Ethics, Law, and Aging Review ,2001 **Restorying Our Lives** Gary M. Kenyon,William Lowell Randall,1997 A blend of practical insight and academic analysis concerning composing or storying our lives With a bibliography on the narrative approach in the human sciences and examples this work should be a useful resource for anyone curious about the dynamics of continuity and change Narrative Inquiry ,2004 **Forthcoming Books** Rose Arny,2002 **Critical Advances in Reminiscence Work** Barbara K. Haight,Jeffrey Dean Webster,2002-06-27 This book is a mind opener to many important issues of human behavior from the Foreword by James E Birren Reminiscence work continues to develop in exciting and productive ways In this volume Webster and Haight along with multidisciplinary contributors point out ways of improving the quality of life through the processes of reminiscence They present examples of cutting edge treatments in reminiscence work Organized into sections the book sets the stage with a valuable review of the literature and then focuses on conceptual issues developmental sociocultural contexts special populations and clinical applications Topics addressed include reminiscence and development in late life personal identity social discontinuity spiritual reminiscence story telling integrating reminiscence and life review techniques with therapy and reminiscence groups for people with dementia among them Critical Advances in Reminiscence Work will help shape the direction of the field in the future and should be read by every practitioner researcher and senior undergraduate graduate student interested in biographical approaches
