Ordinary Lives Studies In The Everyday:

Ordinary Lives Ben Highmore, 2010-09-13 This new study from Ben Highmore looks at the seemingly banal world of objects work daily media and food and finds there a scintillating array of passionate experience Through a series of case studies and building on his previous work on the everyday Highmore examines our relationship to familiar objects a favourite chair repetitive work housework typing media distracted television viewing and radio listening and food specifically the food of multicultural Britain A chair allows him to consider the history of flat pack furniture as well as the lively presence of inorganic stuff in our daily lives Distracted television watching and radio listening becomes one of the preconditions for experiencing wonder through the media Ordinary Lives links the concrete study of routine existence to theoretical reflection on everyday life The book discusses philosophers such as Jacques Rancière William James and David Hume and combines them with autobiographical testimonies historical research and the analysis of popular culture to investigate the minutiae of day to day life Highmore argues that aesthetic experience is embedded in the mundane sensory world of everyday life He asks the reader to reconsider the negative associations of habit and routine focusing specifically on the intrinsic ambiguity of habit habit we find out is both rigid and adaptive Rather than ask what does everyday life mean this book asks what does everyday life feel like and how do our sensual emotional and temporal experiences interconnect and intersect Ordinary Lives is an accessible animated and engaging book that is ideally suited to both students and researchers working in cultural studies media and communication and sociology

The Everyday Justin Derry, Martin Parrot, 2014-10-17 The Everyday Experiences Concepts and Narratives is an interdisciplinary book problematizing the slippery notion of Everyday Life Contributing to a tradition of 20th century scholarly work focusing on Everyday Life this book specifically attends to the multiple ways that the quotidian aspects of our day to day existence become knotted into situated narratives and concepts In their depth and breadth the chapters compiled here all work with an understanding of everyday life that is i

Die Sinnlichkeit des Sozialen Hanna Katharina Göbel, Sophia Prinz, 2015-11-15 Bereits zu Beginn des 20. Jahrhunderts konnte Georg Simmel beobachten, dass das individuelle Wahrnehmungsvermögen von den Alltagsdingen, Architekturen und Techniken einer Gesellschaft geprägt wird. Von der Soziologie wurde die Frage nach dem Zusammenhang von materieller Kultur, Sinnlichkeit und sozialer Ordnung jedoch lange nicht weiterverfolgt. Im Anschluss an den aktuellen Practice Body und Material Turn lotet der vorliegende Band diese Leerstelle theoretisch, methodologisch und empirisch aus. Dabei stehen vier Themenfelder im Vordergrund: Sthetik innerhalb und außerhalb der Kunst, die affektive Macht der Dinge, die atmosphärische Komposition von Architektur sowie sinnliche Expertisen. Mit Beiträgen von Regula Valérie Burri, Joachim Fischer, Robert Gugutzer, Hans-Peter Hahn, Jane M. Jacobs, Gabriele Klein, Peter Osborne, Andreas Reckwitz und Kaja Silverman

Die Praxis des Sehens Sophia Prinz, 2014-08-15 Wie das Denken und Sagbare ist auch das Sichtbare einer Kultur historisch wandelbar. Es hängt von den inkorporierten Wahrnehmungsschemata ab, die das Subjekt in Auseinandersetzung mit den Gestalten seiner

dinglichen Umwelt erworben hat Um dieses Verhältnis zwischen der perzeptiven Syntax Merleau Pontys des Subjekts und der visuellen Ordnung der Dinge zu erhellen unternimmt Sophia Prinz zunächst eine systematische Rekonstruktion der im Werk Michel Foucaults angelegten aber fragmentarisch gebliebenen Theorie der historischen Bedingungen des Sichtbaren Im Dialog mit Maurice Merleau Pontys Phänomenologie der Wahrnehmung Jacques Lacans Psychoanalyse des Blicks sowie Pierre Bourdieus Habitus-Theorie wird diese Geschichte des Sehens weitergeführt und zu einer umfassenden praxistheoretischen Heuristik ausgebaut Das Sehen erweist sich dabei einerseits als kulturell geformt und andererseits als relativ freie Praxis die sich für ein Anders Sehen offen zeigt

Ästhetik in Krisenzeiten Gregory Fuller, 2023-07-10 Mit Ästhetik in Krisenzeiten legt Gregory Fuller eine der im deutschen Sprachraum grundlegendsten Bestandsaufnahmen der Gegenwarts-Ästhetik vor Die beiden Leitfragen lauten Was kann die Ästhetik heute in Zeiten der umfassenden ökologischen Krise leisten Welchen zukünftigen Weg könnte eine zeitgemäße Ästhetik beschreiten Der Autor nimmt Abschied von veralteten ästhetischen Begriffen wie Schein Mimesis dem Werkbegriff und von Wahrheitstheorien aller Art sowie von der durch Hume und Kant begründeten Urteils-Ästhetik In gut kantischer Manier unterzieht Fuller alles einer Prüfung auch etwa die empirische Ästhetik und den Schönbegriff Ins Zentrum seiner Theorie rückt er stattdessen die subjektive ästhetische Erfahrung d.h. die Rezeptions-Ästhetik In drei materialreichen Kapiteln fragt er anschließend nach den heutigen Bedingungen von ästhetischer Alltags-Natur und Kunsterfahrung Um zu einer Neuausrichtung der gegenwärtigen und zukünftigen Ästhetik zu gelangen bezieht Fuller auch auf ästhetische Theorien wie etwa die Choice Theory die Material Culture Studies und Emotionstheorien in seine Überlegungen mit ein Es gilt der Subjektivität ästhetischer Erfahrungen jeden Freiraum zuzugestehen und den Blick zu schärfen für das heute drängendste ästhetische Problem die Gewinnung eines neuen Naturverhältnisses im Angesicht der ökologischen Weltvernichtung Darüber hinaus ist es Fuller ein Anliegen das ästhetische Spektrum geografisch kulturell für die im Entstehen begriffene in seinem Buch mehrfach diskutierte und angewandte Global-Ästhetik zu öffnen

Feminist Periodicals and Daily Life Barbara Green, 2017-10-03 This volume uncovers the ideas concerning everyday life circulating in the burgeoning feminist periodical culture of Britain in the early twentieth century Barbara Green explores the ways in which the feminist press used its correspondence columns women's pages fashion columns and short fictions to display the quiet hum of everyday life that provided the backdrop to the more dramatic events of feminist activism such as street marches or protests Positioning itself at the interface of periodical studies and everyday life studies *Feminist Periodicals and Daily Life* illuminates the more elusive aspects of the periodical archive through a study of those periodical forms that are particularly well suited to conveying the mundane Feminist journalists such as Rebecca West Teresa Billington Greig E M Delafield and Emmeline Pethick Lawrence provided new ways of conceptualizing the significance of domestic life and imagining new possibilities for daily routines

Ordinary Matters Lorraine Sim, 2016-10-20 Shortlisted for the 2017 AUHE Prize for Literary Scholarship *Ordinary Matters* is the first major interdisciplinary study of the ordinary in modernist women

s literature and photography It examines how women photographers and writers including Helen Levitt Lee Miller Virginia Woolf and Dorothy Richardson envision the sphere of ordinary life in light of the social and cultural transformations of the period that shaped and often radically re shaped it for example urbanism instrumentalism the Great Depression and war Through a series of case studies that explore such topics as the street domestic things gesture and the face Sim contends that the paradigmatic shifts that define early twentieth century modernity not only inform modernist women s aesthetics of the everyday but their artistic and ethical investments in that sphere The everyday has been noted as a keynote of the New Modernist Studies Todd Avery Ordinary Matters comprises a vital contribution to recent scholarship on the topic and will be of value to scholars working in British and American modernism multimedia modernisms photography twentieth century literature and critical and cultural histories of the everyday

Speculative Research Alex Wilkie, Martin Savransky, Marsha Rosengarten, 2017-02-17 Is another future possible So called late modernity is marked by the escalating rise in and proliferation of uncertainties and unforeseen events brought about by the interplay between and patterning of social natural techno scientific and political economic developments The future has indeed become problematic The question of how heterogeneous actors engage futures what intellectual and practical strategies they put into play and what the implications of such strategies are have become key concerns of recent social and cultural research addressing a diverse range of fields of practice and experience Exploring questions of speculation possibilities and futures in contemporary societies Speculative Research responds to the pressing need to not only critically account for the role of calculative logics and rationalities in managing societal futures but to develop alternative approaches and sensibilities that take futures seriously as possibilities and that demand new habits and practices of attention invention and experimentation

The Domestic Interior and the Self in Contemporary Photography Jane Simon, 2023-09-18 By carefully conceptualising the domestic in relation to the self and the photographic this book offers a unique contribution to both photography theory and criticism and life narrative studies Jane Simon brings together two critical practices into a new conversation arguing that artists who harness domestic photography can advance a more expansive understanding of the autobiographical Exploring the idea that self representation need not equate to self portraiture or involve the human form artists from around the globe are examined including Rinko Kawauchi Catherine Opie Dayanita Singh Moyra Davey and Elina Brotherus who maintain a personal gaze at domestic detail By treating the representation of interiors domestic objects and the very practice of photographic seeing and framing as autobiographical gestures this book reframes the relationship between interiors and exteriors public and private and insists on the importance of domestic interiors to understandings of the self and photography The book will be of interest to scholars working in photographic history and theory art history and visual studies

Technology and the City Michael Nagenborg, Taylor Stone, Margoth González Woge, Pieter E. Vermaas, 2021-01-25 The contributions in this volume map out how technologies are used and designed to plan maintain govern demolish and destroy the city The chapters demonstrate

how urban technologies shape and are shaped by fundamental concepts and principles such as citizenship publicness democracy and nature The many authors herein explore how to think of technologically mediated urban space as part of the human condition The volume will thus contribute to the much needed discussion on technology enabled urban futures from the perspective of the philosophy of technology This perspective also contributes to the discussion and process of making cities smart and just This collection appeals to students researchers and professionals within the fields of philosophy of technology urban planning and engineering

The Historical Contexts and Contemporary Uses of Mass Observation Lucy D. Curzon, Benjamin Jones, 2024-10-17 The Historical Contexts and Contemporary Uses of Mass Observation embraces new approaches and themes that highlight Mass Observation's long history as an innovative research organization a social movement and an archival project Spanning the period from Mass Observation's inception to the present day essay authors discuss a wide range of topics including anthropology history popular politics cultural studies literature selfhood emotion art and visual studies Indeed what emerges across this volume is confirmation that engagement with Mass Observation whether its historical materials or those produced in the last decade is crucial to understanding the vast array of experiences that make up British life

Theories of the Mobile Internet Andrew Herman, Jan Hadlaw, Thom Swiss, 2014-11-27 This volume proposes the mobile Internet is best understood as a socio technical assemblage of objects practices symbolic representations experiences and affects Authors from a variety of disciplines discuss practices mediated through mobile communication including current phone and tablet devices The converging concepts of Materialities ranging from the political economy of communication to physical devices and Imaginaries including cultural values desires and perceptions are touchstones for each of the chapters in the book

Imagined Futures Max Saunders, 2019-10-22 This study provides the first substantial history and analysis of the To Day and To Tomorrow series of 110 books published by Kegan Paul Trench and Trbner and E P Dutton in the USA from 1923 to 1931 in which writers chose a topic described its present and predicted its future Contributors included J B S Haldane Bertrand Russell Vernon Lee Robert Graves Vera Brittain Sylvia Pankhurst Hugh MacDiarmid James Jeans J D Bernal Winifred Holtby Andr Maurois and many others The study combines a comprehensive account of its interest history and range with a discussion of its key concerns tropes and influence The argument focuses on science and technology not only as the subject of many of the volumes but also as method especially through the paradigm of the human sciences applied to other disciplines and as a source of metaphors for representing other domains It also includes chapters on war technology cultural studies and literature and the arts This book aims to reinstate the series as a vital contribution to the writing of modernity and to reappraise modernism's relation to the future establishing a body of progressive writing which moves beyond the discourses of post Darwinian degeneration and post war disenchantment projecting human futures rather than mythic or classical pasts It also shows how as a co ordinated body of futurological writing the series is also revealing about the nature and practices of modern futurology itself

Afterlives of Georges Perec

Rowan Wilken, 2017-03-08 Examines Perec's impact on architecture art design media electronic communications computing and the everyday What do Perec's descriptions of the minutiae of everyday life reveal about our use of information and communications technologies What happens if we read *Life A User's Manual* as a toolbox of ideas for games studies What light does the concept of the *infra-ordinary* shed on social media What insights does algorithmic writing generate for the digital humanities What lessons can architects artists game designers and writers draw from Perec's fascination with creative constraints Through an examination of such questions this collection takes Perec scholarship beyond its existing limits to offer new ways of rethinking our present Contributors Tom Apperley Monash University Australia Caroline Bassett University of Sussex UK David Bellos Princeton USA Justin Clemens University of Melbourne Australia Ben Highmore University of Sussex UK Alison James University of Chicago USA Sandra Kaji OGrady University of Sydney Australia Christian Licoppe TA c l a c com ParisTech France Anthony McCosker Swinburne University of Technology Melbourne Australia Mireille RibiA re independent scholar translator and author Darren Tofts Swinburne University of Technology Melbourne Australia Rowan Wilken RMIT Melbourne Australia Mark Wolff Hartwick College in Oneonta New York USA **Video**

Gamers Garry Crawford, 2011-08-04 Video gaming is economically educationally culturally socially and theoretically important and has in a relatively short period of time firmly cemented its place within contemporary life It is fair to say however that the majority of research to date has focused most specifically on either the video games themselves or the direct engagement of gamers with a specific piece of game technology In contrast *Video Gamers* is the first book to explicitly and comprehensively address how digital games are engaged with and experienced in the everyday lives social networks and consumer patterns of those who play them In doing so the book provides a key introduction to the study of gamers and the games they play whilst also reflecting on the current debates and literatures surrounding gaming practices **A History of**

English Autobiography Adam Smyth, 2016-04-04 *A History of English Autobiography* explores the genealogy of autobiographical writing in England from the medieval period to the digital era Beginning with an extensive introduction that charts important theoretical contributions to the field this History includes wide ranging essays that illuminate the legacy of English autobiography Organized thematically these essays survey the multilayered writings of such diverse authors as Chaucer Bunyan Carlyle Newman Wilde and Woolf Written by a host of leading scholars this History is the definitive single volume collection on English autobiography and will serve as an invaluable reference for specialists and students alike

Posthuman Buddhism and the Digital Self Les Roberts, 2023-09-20 In *Posthuman Buddhism and the Digital Self* Les Roberts extends his earlier work on spatial anthropology to consider questions of time spaciousness and the phenomenology of self Across the book's four main chapters which range from David Bowie's long standing interest in Buddhism to street photography of 1980s Liverpool to the ambient soundscapes of Derek Jarman's *Blue* or to the slow contemplative cinema of Tsai Ming Liang Roberts lays the groundwork for the concept of dwellspace as a means by which to unpick the shifting

spatial temporal and experiential modalities of everyday mediascapes Understood as a particular disposition towards time Roberts s foray into dwellspace proceeds from a Pascalian reflection on the self non self in which being content in an empty room vies with the demands of having content in an empty room Taking the idea of posthuman Buddhism as a heuristic lens Roberts sets in motion a number of interrelated lines of enquiry that prompt renewed focus on questions of boredom distraction and reverie and cast into sharper relief the psychosocial and creative affordances of ambience spaciousness and slowness The book argues that the colonisation of empty time by 24 7 digital capitalism has gone hand in hand with the growth of the corporate mindfulness industry and with it the co option commodification and digitisation of dwellspace Posthuman Buddhism is thus in part an exploration of the dialectics of dwellspace that orbits around a creative self praxis rooted in the negation and dissolution of the self one of the foundational cornerstones of Buddhist theory and practice

Narrating Justice and Hope Lois Presser, Jennifer Fleetwood, Sveinung Sandberg, 2025-02-04 The power of storytelling in troubling times Violence pain and punishment dominate portrayals of social problems but the reality is more complex In the world of actual people and experience other more hopeful stories are told in relation to crime and harm narratives of justice cooperation kindness and redemption Narrating Justice and Hope examines the rich potential for narratives to do good in the context of interpersonal harm and the devastating social conditions of the present moment including climate crisis political polarization and interconnected systems of inequality Featuring a stellar list of contributors from across the globe this volume asks How do people produce good stories in the context of these harms What types of narratives will create lasting social change What does it take to tell good stories Each chapter examines subjects ranging from the success stories of formerly incarcerated people women speaking out about sexual violence and young climate activists Throughout Narrating Justice and Hope stories and storytelling thwart trouble foster healing and connection and envision better futures The collection also grapples with critical issues including the nature of good the performative nature of storytelling and the hazards of exploiting subjugated people s stories With chapters from a number of well known scholars this volume will be an important contribution for sociology criminology and legal scholars

Cartographies of Disappearance: Vestiges of Everyday Life in Literature Enric Bou, *The Women, Peace and Security Agenda* Laura J. Shepherd, 2021-09-26 The Women Peace and Security WPS agenda is comprised of the policies protocols and practices enacted by a wide range of actors inspired by or under the auspices of the UN Security Council resolutions adopted under the title of women and peace and security Since the adoption of the first resolution in 2000 resolution 1325 there have been nine others each of which elaborates or extends aspects of the original resolution This book provides a forward looking collection of scholarship on the WPS agenda in two halves The first half of the book presents a series of essays that each provide a glimpse of the rich and insightful research on WPS being undertaken in and about different contexts to demonstrate the importance of centring the local as a site of knowledge production in the WPS agenda The essays presented in the second half of the book also engage

questions of knowledge production documenting the exploratory methods in use in WPS scholarship and highlighting those topics engaged at the hinterlands of what is a broad field topics that gesture at the future of research in this area The chapters in this book were originally published as special issues of the International Feminist Journal of Politics

Thank you for reading **Ordinary Lives Studies In The Everyday**. Maybe you have knowledge that, people have look numerous times for their favorite books like this Ordinary Lives Studies In The Everyday, but end up in malicious downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they are facing with some infectious virus inside their laptop.

Ordinary Lives Studies In The Everyday is available in our book collection an online access to it is set as public so you can get it instantly.

Our book servers saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Ordinary Lives Studies In The Everyday is universally compatible with any devices to read
