Ordination Of Women In Seventh Day Adventist Theology:

Ordination of Women in Seventh-day Adventist Theology Ján Barna, 2009 The present thesis is the first of its kind in attempting to produce a comprehensive systematic analysis and synthesis of the biblical theological and hermeneutical aspects of the ongoing debate about the role of women in Adventist theology While studies have investigated already the sociological aspects of the debate no study has yet systematised and investigated in depth the debate with special attention to hermeneutical matters This thesis is divided into four chapters After an Introduction which defines the basic elements of the study and provides a literature review Chapter One provides a historical introduction into the topic of women's ordination in the Seventh day Adventist Church Particularly historical and ecclesial developments are reviewed from the perspective of the early Adventist situation and the modern context Chapter Two and Chapter Three are two parallel chapters which analyse and synthesise opponents Chapter Two respectively proponents Chapter Three biblical theological and hermeneutical positions The analysis in both chapters also specifically investigates the hermeneutical rationales of each side by examining their theories of biblical inspiration interpretative method and functional aspects of their hermeneutics The last chapter of the dissertation takes the hermeneutical conclusions from the previous two chapters and assesses them on a meta hermeneutical level from the conclusions from the perspective of modern hermeneutical developments The thesis ends with a summary and conclusion which summarises all the main findings of the study Overall the thesis not only systematises the ongoing ordination of women dispute but in addition provides an insight into the operation of the Adventist hermeneutical mindset by examining and assessing the theoretical bases on which Adventist hermeneutical thinking operates This research therefore will be primarily valuable in the field of Adventist studies but non Adventist scholarship intending to know more about Adventist theology and hermeneutics may also find the thesis helpful

Ordination of Women in Seventh-day Adventist Theology Ján Barna, 2012 This book originally submitted as a doctoral dissertation is the first of its kind to provide a complete systematic evaluation of the biblical theological and interpretative aspects of the ongoing debate about the role of women in Adventist theology The author not only presents all biblical and theological arguments used by opponents and proponents of women's ordination but also provides an examination of the underlying interpretative models of both camps In its final part the book offers an insight into the operation of opponents and proponents mindsets by scrutinizing the theoretical bases on which the Adventist hermeneutical thinking operates This research therefore will be of primary interest to those reading or researching in the field of Adventist studies However non Adventists scholarship intending to understand better Adventist theology and hermeneutics may also find the book insightful

Women and Ordination John W. Reeve,2015 Women and Ordination Biblical and Historical Studies is a careful review of both ministry and ordination in Scripture and in the history of the Seventh day Adventist Church This book explores what it means to be called to the ministry and how ordination as we know it came to be practiced The book stands as the culmination of an extensive conversation It is poised to begin the next conversation on ordination and women in the Seventh day Adventist Church back cover

The Body of Christ Reinder Bruinsma,2009 With a clear straightforward definition such as this the subject of the church isn t one that most people would consider a doctrine For this reason there aren t many books that deal with this crucial fundamental belief This very readable and informative treatment of such a vital topic fills an important gap in Adventist literature Reinder Bruinsma s far ranging look at the doctrine of the church moves from Old and New Testament foundations for this doctrine up through church government and on to controversial issues such as ordination and church discipline Fittingly he concludes with the mission and future of the church His fourfold approach biblical and theological historical practical and with an Adventist perspective ensures that every facet of the doctrine is explored in detail This thought provoking discussion challenges those who call themselves God s people to examine their current understanding of the church and to prayerfully consider their roles as part of the body of Christ Book jacket
