

Reading Comprehension

Read the short passage and answer the questions.

The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

1. What animal was crossing a board?

2. What did the dog have in his mouth?

3. What did the dog see in the running brook?

4. What is the moral of the story?

English as a Foreign Language for Deaf and Hard of Hearing Learners Ewa Domagała-Zyśk, Nuzha Moritz, Anna Podlowska, 2021-04-14 This book outlines best practice and effective strategies for teaching English as a foreign language to D deaf and hard of hearing DHH students Written by a group of researchers and experienced practitioners the book presents a combination of theory hands on experience and insight from DHH students The book brings together a variety of tried and tested teaching ideas primarily designed to be used for classroom work as a basis for standby lessons or to supplement courses Placing considerable emphasis on practical strategies it provides educators and practitioners with stimulating ideas that facilitate the emergence of fluency and communication skills The chapters cover a wide range of interventions and strategies including early education teaching

strategies using sign bilingualism in the classroom enhancing oral communication speech visualization improving pronunciation using films and cartoons lip reading techniques written support and harnessing writing as a memory strategy Full of practical guidance grounded in theory the book will be a useful resource for English teachers and all those involved in the education of deaf and hard of hearing learners across the world including researchers student teachers newly qualified teachers school supervisors and counsellors Simplified Signs: A Manual Sign-Communication System for Special Populations, Volume 1. John D. Bonvillian, Nicole Kissane Lee, Tracy T. Dooley, Filip T. Loncke, 2020-07-30 Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages It is the culmination of over twenty years of research and development by the authors The Simplified Sign System has been developed and tested for ease of sign comprehension memorization and formation by limiting the complexity of the motor skills required to form each sign and by ensuring that each sign visually resembles the meaning it conveys Volume 1 outlines the research underpinning and informing the project and places the Simplified Sign System in a wider context of sign usage historically and by different populations Volume 2 presents the lexicon of signs totalling approximately 1000 signs each with a clear illustration and a written description of how the sign is formed as well as a memory aid that connects the sign visually to the meaning that it conveys While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities cerebral palsy autism or aphasia it may also assist the communication needs of a wider audience such as healthcare professionals aid workers military personnel travellers or parents and children who have not yet mastered spoken language The system also has been shown to enhance learning for individuals studying a foreign language Lucid and comprehensive this work constitutes a valuable resource that will enhance the communicative interactions of many different people and will be of great interest to researchers and educators alike
