Cryptomania Andrew R Chow, 2024-08-06 For fans of *Bad Blood* and *Too Big to Fail* an explosive page turning account of one of the largest financial frauds in US history chronicling the utopian promises human collateral and incineration of billions of dollars in the 2022 crypto crash by Time magazine s technology correspondent As cryptocurrency rose in popularity during the pandemic new converts bought into the idea that crypto would not only make them rich but would usher in imminent revolutions across art finance politics and gaming Cryptocurrency caught the zeitgeist through figures like FTX CEO Sam Bankman Fried who only two years later would be convicted of one of the most calamitous acts of financial fraud in US history During his meteoric rise Sam Bankman Fried outflanked idealists in the movement like Vitalik Buterin who sought to build fairer more democratic systems through Ethereum Bankman Fried pursued a growth obsessed by any means approach to crypto which proved seductive to those who just wanted to get rich But this Silicon Valley like approach also drove the creation of a spate of high risk financial instruments that mirrored those of the 2008 financial crisis Accused of misleading investors and mishandling funds Bankman Fried became a target of prosecutors Now *Cryptomania* unfolds the tumultuous twenty months inside this male dominated overhyped industry that led to its downfall Drawing on exclusive reporting and an extensive network in the global NFT community Andrew Chow chronicles the battle for crypto s soul and the human toll of its economic meltdown from the conmen and eccentrics driving the bubble to the victims caught in its burst

Public Value and the Post-Pandemic Society Usman W. Chohan, 2023-07-07 The destruction of the Covid 19 pandemic has marked every society with deep seated wounds whose scars have only begun to heal Yet even as societies take their first steps away from the trauma of the pandemic they confront new and perhaps equally daunting challenges in the post Covid era These challenges offer a unique occasion to consider how the mechanisms of public value PV creation and preservation can be rebuilt and improved mindful of what has been left in the pandemic s wake and of the difficult road that lies ahead The aim of this book

then is to examine the forward looking possibilities of multi stakeholder value co creation which involves the renewed efforts of civil society public managers politicians and society at large in a new post pandemic era The book examines many different facets that appeal deeply to public value scholarship value stability transitions inequalities within between publics necropolitics disaster preparedness value measurement and sustainability all of which represent important explorations within public value theory and can greatly enrich PV research going forward This book will therefore be of use to both academics and practitioners of public administration and public policy as well as scholars of government health care policy and economics
