Chenoweth,2002-11-12 If you want to understand how modern media has changed the world this is the one book you must read Rupert Murdoch is the man everyone talks about but no one knows He s everywhere a larger than life media titan who has spent a lifetime building his company News Corporation from a small struggling newspaper business in Australia into an international media powerhouse Rupert Murdoch charts the real story behind the rise of News Corp and the Fox network the secret debt crises and family deals the huge cash flows through the offshore archipelagos the New York party that saved his empire the covert government inquiries the tax investigations and the bewildering duels with Bill Gates Ted Turner Gerry Levin Ron Perelman Newt Gingrich cable king John Malone Michael Eisner Tony Blair and televangelist turned diamond miner Pat Robertson Murdoch s story however is more than just how one man built a global business Rupert Murdoch is both a biography of Murdoch the man including the divorce from his wife Anna his remarriage to a woman young enough to be his granddaughter and the struggle between his two sons for eventual control of the family holdings and a follow the money investigation that reveals how he has managed to have such a huge impact on the communications revolution that promises to utterly transform life in the twenty first century The investigation concentrates on Murdoch s three great campaigns in the 1980s when his determination to launch an American television network overturned the media industries of three countries

in 1997 when Murdoch took on every broadcasting group in America and the process of reinventing himself since then culminating in his bid to win DirecTV from General Motors This is the saga of the man who has stalked infuriated cajoled threatened and spooked the media industry for three decades whose titanic gambles have shaped and reshaped the media landscape Win or lose Murdoch is the man who has changed everything And Neil Chenoweth is the right person to tell the story In 1990 he wrote a magazine article that prompted a secret Australian government inquiry into Rupert Murdoch s family companies and he s been on the Murdoch case since then Chenoweth reveals what no person ever has about the man and the company who is probably the most significant media player of them all *Reports of the United States Tax Court* United States. Tax Court,1970 Tax Compliance in Greater China ,2008 *The Delicate Balance* Chris Evans,Judith Freedman,Richard E. Krever,2011 Few aspects of revenue law generate stronger feelings than the exercise of discretionary power by tax administrations A delicate balance often needs to be struck between the legitimate needs of revenue authorities and the equally legitimate interests and rights of taxpayers On the one hand the executive and administration need to have sufficient capacity to apply the law on the other there is a need to maintain the principle of the rule of law that it is the elected legislature and not the executive or tax administration that establishes tax burdens The chapters in this volume explore that delicate balance The Delicate Balance Tax Discretion and the Rule of Law considers the critical questions that arise from the intersections of tax discretion and the rule of law in modern common and civil law jurisdictions What do we mean by tax discretion and how does it vary in conceptual and practical terms in different tax regimes What role should discretion play in tax systems that operate under the rule of law and how large should that role be What are the legal political institutional and other constraints that can prevent abuse of discretion To what extent can and should the legislature safely delegate discretionary powers to tax administrations *International Trade Regulation in China* Xin Zhang,2006-03-10 This book presents a comprehensive survey of Chinese legal and regulatory systems governing international trade following China s accession to the World Trade Organisation WTO and the coming into force of the revised PRC Foreign Trade Law It provides a systematic and in depth analysis on the text of applicable Chinese laws and rules with a particular focus on their practical application It also critically explores whether international trade regulation in China complies with the WTO Agreement both in the text and in spirit and identifies areas where improvements by Chinese trade regulators would be desirable The book starts with an analysis of basic issues of international trade regulation in China Part II covers foreign trading rights trade restrictions and prohibitions licensing and quotas customs regulation health safety and technical standards and trade in technology Part III discusses trade protection and remedies available under PRC law in the form of anti dumping law anti subsidy law safeguarding measures and trade retaliation Part IV explores new regulatory issues including trade promotion trade and competition trade and IP rights protection and resolution of trade disputes The

book combines analysis with detailed practical advice and will be of interest to academics practitioners and policy makers
