Peter,Luís Paulo Reis,Zorica Bogdanovic,2025-03-12 This book includes selected papers presented at the International Conference on Marketing and Technologies ICMarkTech 2023 held at Faculty of Economics and Management FEM Czech University of Life

Sciences Prague CZU in partnership with University College Prague UCP in Prague Czech Republic between 30 November and 2 December 2023 It covers up to date cutting edge research on artificial intelligence applied in marketing virtual and augmented reality in marketing business intelligence databases and marketing data mining and big data marketing data science web marketing e commerce and v commerce social media and networking geomarketing and IoT marketing automation and inbound marketing machine learning applied to marketing customer data management and CRM and neuromarketing technologies **Digital Destiny** Shawn DuBravac,2015-01-12 Our world is about to change In Digital Destiny How the New Age of Data Will Change the Way We Live Work and Communicate Shawn DuBravac chief economist and senior director of research at the Consumer Electronics Association CEA argues that the groundswell of digital ownership unfolding in our lives signals the beginning of a new era for humanity Beyond just hardware acquisition the next decade will be defined by an all digital lifestyle and the Internet of Everything where everything from the dishwasher to the wristwatch is not only online but acquiring analyzing and utilizing the data that surrounds us But what does this mean in practice It means that some of mankind s most pressing problems such as hunger disease and security will finally have a solution It means that the rise of driverless cars could save thousands of American lives each year and perhaps hundreds of thousands more around the planet It means a departure from millennia old practices such as the need for urban centers It means that massive inefficiencies such as the supply chains in Africa allowing food to rot before it can be fed to the hungry can be overcome It means that individuals will have more freedom in action work health and pursuits than ever before

The Routledge Handbook of Digital Sport Management Michael L. Naraine,Ted Hayduk III,Jason P. Doyle,2022-12-01 The Routledge Handbook of Digital Sport Management provides students researchers and practitioners with a contemporary roadmap of the impact of digital technologies in sport management at all levels and in all sectors in a global context Divided into three sections addressing digital transformations digital tools and emerging digital issues this book explores the impact of digital technology in the core functional areas of sport management such as sponsorship event management and human resources It introduces essential digital innovations such as esports social media VR wearables analytics and artificial intelligence and examines the debates and issues that are likely to shape and transform sport business over the next decade The only book to survey the full sweep of digital sport management this book is an essential reference for all serious students of sport business and management any researcher working in the nexus of sport business and digital and all managers policy makers or associated professionals working in the sport industry **Free Ride** Robert Levine,2012-09-06 Information wants to be free says influential technologist Stewart Brand at a 1984 hacker convention These words became the mantra that shaped the Internet and the conflict he predicted has led to a revolution in the way that our culture is funded and consumed We have come to demand free content online mistaking the packaging of physical products for what we were actually paying for the creative content Newspapers are being pressurised to give their content away for free online music sales have

plummeted due to piracy and Amazon is using its market power to drive down the price of ebooks Technology companies are making millions from content created and funded by others reducing the value of culture in the process How did the media industry lose control over its destiny What are the consequences And are we headed for cultural meltdown if the media can t stop the free ride **The Great Web 3.0 Glossary** Nikolas Beutin,Daniel Boran,2023-02-14 Metaverse Non Fungible Tokens NFTs Cryptocurrencies Blockchain Artificial Intelligence AI Service Robots etc are a rapidly expanding field with an ever increasing number of terms and community specific jargon A new term is not always accompanied by something truly novel In addition to verbal pseudo innuendos and crypto slang introduced with the intent of attracting attention quickly there are several significant new developments The issue with this development is that the risk of Babylonian language confusion is growing exponentially Our observations indicate that this risk is particularly prevalent in the dialogue between science and practice This book hopes to contribute to the clarification with quick access to all key terms Obviously many online marketplaces platforms encyclopedias and glossaries already exist However our pre book analysis has revealed that neither is even close to completion sometimes with imprecise language and often with contradictory definitions and explanations This glossary provides quick access for managers students and professors alike who are faced with the topics in their daily work Students may keep track of the web 3 0 s numerous terms as they study it Instructors teachers and professors may use it as a guide for a consistent use of Metaverse NFT Cryptocurrency and Blockchain terminology Although the more than 1 300 explanations of the individual terms are scientifically based the focus is on easy understanding of the terms The authors have made an effort to provide clear and concise definitions an application focused perspective and simple language
