TikTok Cultures in the United States Trevor Boffone, 2022-04-03 TikTok Cultures in the United States examines the role of TikTok in US popular culture paying close attention to the app's growing body of subcultures. Featuring an array of scholars from varied disciplines and backgrounds, this book uses TikTok subcultures as a point of departure from which to explore TikTok's role in US popular culture today. Engaging with the extensive and growing scholarship on TikTok from international scholars, chapters in this book create frameworks and blueprints from which to analyze TikTok within a distinctly US context, examining topics such as gender and sexuality, feminism, race and ethnicity, and wellness. Shaping TikTok as an interdisciplinary field in and of itself, this insightful and timely volume will be of great interest to students and scholars of new and digital media, social media, popular culture, communication studies, sociology of media, dance, gender studies, and performance studies. New Developments in the Trilateral Relationship between the United States, Taiwan, and China Charles K.S. Wu, Yao-Yuan Yeh, 2025-02-15 Taiwan has become a new flashpoint in Sino-US relations in recent years. The nation just concluded its presidential and legislative elections in January 2024. The incumbent Democratic Progressive Party (DPP) won a pyrrhic victory with DPP keeping the presidential seat but losing the majority in Taiwan's Legislative Yuan Congress. The political status of Taiwan is one of the few, if not the only, issues that have won bipartisan support. New Developments in the Trilateral Relationship between the United States, Taiwan, and China analyzes the three-way relationship and raises numerous questions that are urgently awaiting answers. The book advances our understanding of some of the pressing issues in this relationship. These questions include but are not limited to: how does the US public view the trade war against China? How do they perceive China in general? What extent could the Indo-Pacific Economic Framework for Prosperity (IPEF) support US economic competition with China? As for Taiwan, to what scope do China's campaigns infiltrate and influence political attitudes? Considering its geographic proximity to Taiwan, how does the immigration from Hong Kong influence Taiwan? **Douyin, TikTok and China's Online Screen Industry** Chunmeizi Su, 2023-09-22 TikTok has drawn attention from all over the world. Even if you have never used it before, you would still be familiar with its name. Many people have assumed that it is a US-generated platform and normally awed at its real origin: a Chinese-born and operated platform, a sister or parallel platform of Douyin. Because of the short video platform TikTok and also its dispute with the US government, people have started paying attention to what is really happening and changing in China. Two questions that hang over everyone's mind seem to be: why China? And why TikTok? This book attempted to answer the question of why short video platforms such as TikTok, the most popular made in China, product of all the Chinese digital platforms, became a significant competitor on the global stage. This book explores the reasons behind the rise of short video platforms in China, with a focus on the sudden and unexpected success of TikTok and its parallel platform Douyin. Beginning with the historical development of China's online screen industry, the book goes on to investigate the ICT industry, its business models, and

impact on the screen industry to unfold the reasons behind the domestic popularity of Douyin It draws on a spectrum of sources including policy documents industry reports and expert analysis which is supplemented by interviews with key people in the field It traces the changing dynamics of the Chinese online screen ecology and shows how a mixture of technological industrial and cultural factors contributed to the proliferation of short video platforms in China This engaging and topical book will be ideal reading for students and scholars of media and communication studies platform studies and political economy studies
