Time to Think Small Todd Myers, 2022-11-01 This call to climate action examines ways we can leverage the growing power of smartphones and other technologies to become effective environmental stewards to protect threatened species reduce the risk from climate change and stop ocean plastic Personal technologies are creating what the Environmental Defense Fund calls a transformational shift in how we address environmental problems Time to Think Small explores how these brand new approaches are already playing a huge role in winning some of the most difficult and important environmental struggles of our day from fighting climate change to ensuring drinkable water for everyone to saving endangered animals to keeping plastic out of the ocean Learn how these technologies magnify and multiply the power everyone has as individuals to save our environment and how this tremendous power is not only growing but also has the huge benefit of being independent of sudden shifts in political leadership Drawing on two decades of environmental policy and a career working with endangered species mixed with his previous career in tech Myers looks at the different ways we can be empowered to find environmental solutions Time to Think Small reminds me of the first words spoken on the moon about small steps and giant leaps Todd Myers does in fact describe the giant strides from accumulated small steps that will help solve THE biggest long term problem facing humanity today If Big Government won't act WE CAN in our own small ways Donald Kroodsma Author of Birdsong for the Curious Naturalist The future of environmental stewardship depends on technology and innovation Todd Myers is a national leader on environmental policy and technology and understands how to create solutions that sidestep political gridlock John Connors former Microsoft CFO A much needed analysis of how we can solve complex global environmental problems by applying human ingenuity and why every step matters along the way Benji Backer President American Conservation Coalition Addressing climate change can be such a polarizing issue Myers's book has found a way to cut right through that with practical applicable actions that everyone can take to make a difference Kevin Wilhelm CEO Sustainable Business Consulting While the positions taken by Todd Myers may be disconcerting to an old school environmentalist such as myself his voice is one we need to hear in the conversation about climate change Myers makes a compelling argument that thinking small stimulates creativity and that nimble creative approaches can play a crucial role in achieving sustainability John S Farnsworth PhD Author of Nature Beyond Solitude Notes from the Field *Affection for Crime* T. Jaffe,2010-01-26 Why customer retention is the new acquisition If there s anything the recession of 2009 taught us it was the importance of investing in our customers but when was this any different So says Joseph Jaffe bestselling author of Life After the 30 Second Spot and Join the Conversation and a leading expert and thought leader on new media and social media In most businesses it costs roughly five to ten times more to acquire a new customer than it does to retain an existing one and yet companies continue to disproportionately spend their budgets into the wrong end of the funnel the mass media or awareness side What we haven t paid enough attention to is the right end of the funnel the word of mouth component that essentially acts as a multiplier for future business The economic impact of an active engaged and loyal customer is tremendous And the same is true of the opposite scenario namely the impact of angry customers and negative word of mouth or referrals It is this thinking that Jaffe has channeled to challenge marketers to flip the funnel once and for all With a renewed focus and energy on customer experience it is possible to grow your sales while decreasing your budget in other words getting more from less Engaging a few customers to spread the word to many Using this new flipped funnel model together with a set of new rules of customer service and a revolutionary customer referral and activation process you ll learn how to transform your existing customers into your best salespeople In addition Jaffe will explain how to best introduce and combine both digital and social media tools to boost your loyalty arsenal deploy influencer marketing and implement word of mouth strategies that inspire your loyal opinionated and most vocal customers to become credible persuasive and influential endorsers of your products and services Explains how to cut your marketing budget AND grow sales Illustrates practical ways to use existing customers to reach out to new prospects Outlines the authentic role of social media Demonstrates key ideas with rich real life examples including Comcast Apple The Obama Campaign Dell Panasonic American Airlines Delta Airlines Johnson renowned blogger and podcaster at Jaffe Juice www.jaffejuice.com and host presenter of web video show JaffeJuiceTV www.jaffejuice.tv Visit www.flipthefunnelnow.com to join the conversation **Dombey and son.
