**Come As You Are: Revised and Updated** Emily Nagoski, 2021-03-02 A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are* featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently and far less seriously than its male counterpart. That is until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized, but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it, and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

**Nationalism and the Postcolonial**, 2021-08-16 Often thought of as a thing of the past, nationalism remains surprisingly resilient in the postcolonial era, especially since the concepts of multiculturalism and cosmopolitanism have lost authority in recent years. The contributions assembled in *Nationalism and the Postcolonial* examine various forms, representations, and consequences of past and present nationalisms in languages, popular culture, and literature in or associated with Australia, Canada, England, India, Jamaica, Kenya, Nigeria, Saint Lucia, and Trinidad and Tobago. Bringing together perspectives from linguistics, political science, cultural studies, and literary studies, the collection illustrates how postcolonial nationalism functions as a unifying mechanism of anti-colonial nation building as well as a divisive force that can encourage discrimination and violence. Contributors: Natascha Bing, Prachi Gupta, Ralf Haekel, Kathrin Hertl, Idreas Khandy, Theresa Krampe, Lukas Lammers, Arhea Marshall, Hannah Pardey, Sina Schuhmaier, Hanna Teichler, Michael Westphal.

**Good Housekeeping**, 2007 **Fight Or Flight** Samantha Young, 2018-10-09 The universe is conspiring against Ava Breevort. As if flying back to Phoenix to bury a childhood friend wasn't hell enough, a cloud of volcanic ash traveling from overseas delayed her flight back home to Boston. Her last ditch attempt to salvage the trip was thwarted by an arrogant, sexy Scotsman who stole the last first-class seat, and over the course of their prolonged journey home, landed right into her bed for the steamiest layover she's ever had. And that's all it was until Caleb Scott shows up on her doorstep. Caleb knows better than to question fate, and when pure chance pulls Ava back into his orbit, he takes full advantage. For the next few days, while he's stranded in Boston, he's going to pull out all the stops to convince Ava they might have what it takes to go the distance.
