Max Streaming 2025 Store Hours:

Business and Religion Eugenio Andrés Marchiori, 2025-06-24 This book explores the connections between Christian religions and businesses. It examines how companies adopt tools traditionally used by churches to manage culture, strategy, and values while also exploring how churches leverage business strategies to achieve similar objectives. The author analyzes the mechanisms of influence both institutions use to internalize the soul of their organizations, including marketing systems supported by real-world case studies. Later, he shows how companies like Coca-Cola behave like secular religions. He then compares how religious organizations such as the Catholic Church, the Willow Creek Community Church, and the Jesuit Order employ influence and business strategies similar to those of corporations like McDonald's, Mary Kay, and the consulting firm McKinsey & Co. By examining these parallels, this work reveals that business corporations and churches operate in fundamentally similar ways. Lastly, this volume estimates the monetary dimensions of what the author refers to as the salvation market. As society has become more demanding of corporate behavior, companies have responded by developing new areas such as human resources to improve employee conditions, marketing to attract customers and talent, and the concept of stakeholders, which gave rise to a focus on ethical considerations such as corporate social responsibility (CSR) as well as diversity and inclusion initiatives. The culmination of this process today is a strong emphasis on sustainability, showing how these new ethical values have gained prominence. Exploring organizational dynamics through a sociological lens, this book will appeal to researchers interested in organizational behavior, strategy, and marketing who seek to learn about the cultural dynamics of business and religious organizations. *Mac Fan 2025* 7 Mac Fan, 2025-05-29 Apple Intelligence

4 **Netflix and Streaming Video** Amanda D. Lotz, 2022-07-22 Netflix and Streaming Video is the first book to provide a comprehensive foundation for understanding the business of subscriber-funded streaming video and its implications for the role of these services in culture. Drawing on Lotz's two decades of research, it highlights the similarities and differences among streaming video services. Netflix, Amazon, and video distribution technologies broadcast satellite internet. Making a number of provocative and thought-provoking arguments, the book first reveals how the reliance on subscriber payment and video on demand produces different norms and strategies compared to previous video businesses. It then investigates Netflix and how its particular blend of characteristics distinguishes it from other subscriber-funded video on demand services. The author expertly shows that by understanding the underlying economic and technological dynamics of these services and their differences, it is possible to better assess the actions taken by the companies and what the future of video may encompass. The book is a must-read for students and scholars of Media and Communications Studies as well as those wishing to learn

Love Letters to a Serial Killer Tasha Coryell, 2025-05-20. An aimless young woman starts writing to an accused serial killer while he awaits trial, and then once he's acquitted, decides to move in with him and take the investigation into her own hands. In this dark and irresistibly compelling debut thriller, Hannah finds community in a true crime forum that's on a mission to solve the murders of four women in Atlanta. After William, a handsome lawyer, is arrested for the killings, Hannah begins writing him letters. It's the perfect outlet for her pent-up frustration and rage. The exercise empowers her, and even feels healthy at first. Until William writes back, Hannah's interest in the case goes from curiosity to obsession, leaving space for nothing else as her life implodes around her. After she loses her job, she heads to Georgia to attend the trial and befriends other true crime junkies like herself. When a fifth woman is discovered murdered, the jury has no choice but to find William not guilty, and Hannah is the first person he calls upon his release. The two of them quickly fall into a routine of domestic bliss. Well as blissful as one can feel while secretly investigating their partner for serial murder.
