The intersection of sports and social issues is the focus of part III. Numerous issues are addressed punctuated by case studies involving key players and events related to each topic. Cases concerning Colin Kaepernick, USWNT, and coverage of women's sports generally, LGBTQ issues and obstacles faced by women working in sports media are highlights while examinations of social identity theory and framing provide context on how people identify with specific groups and how the media influences opinions. Athletes and sport entities are constantly in the news not always in a positive light. Part IV addresses crisis management and communication featuring case studies about Tiger Woods, Lance Armstrong, LeBron James, The Decision, Kobe Bryant's death and the misreporting of facts surrounding it and the Houston Astros sign stealing scandal. The text concludes with part V which explores emerging trends in sports media and society. Through social media, virtually anyone can become a thought leader, wresting control from traditional outlets and teams, and athletes can dialogue directly with fans, effectively sidelining sports journalists. Chapters on the formerly taboo subjects of athlete mental health and sports wagering, as well as the exploding popularity of esports, round out the text. Sports shape our culture in numerous ways and the sports media plays a transformative role in how it occurs. Sports Media and Society prepares tomorrow's sports journalists and communicators to venture beyond the how-tos of developing content to understanding the whys behind it.
