Using dozens of examples from across the spectrum of professional and college sports, he analyzes the ways in which key decisions are made on the playing fields and locker rooms and applies these lessons to the corporate context. From the distinctive leadership styles of legendary coaches Tom Landry, Vince Lombardi, John Wooden, and Bobby Knight, among others, to such culturally significant developments as the racial integration of Major League Baseball and the meteoric rise of NASCAR, Goff draws from the world of sports to provide a solid foundation in the managerial arts, including assessing risk and uncertainty, conducting market and competitive analysis, wooing customers, fostering an innovative culture, managing information and communication flows, and resolving labor disputes. The result is an incisive look at the sport of business with practical insights for successful management at all levels of your organization.
