Nothing Personal Seeing Beyond The Illusion Of A Separate Self:

Nothing Personal: Seeing Beyond the Illusion of a Separate Self Nirmala, 2008 Nothing Personal Seeing Beyond the Illusion of a Separate Self by Nirmala The beauty of this collection of Nirmala's talks and dialogues is that it covers much of the spectrum of spiritual awakening from the initial experience of one's true nature to the practical challenges which always call for a deeper seeing and deeper understanding of how spirit manifests as all of life and beyond Nirmala welcomes whatever arises within the field of experience In the midst of this welcoming is always an invitation to inquire deeply within to the core of who and what you are Again and again Nirmala points the questions back to the questioner and beyond to the very source of existence itself to the faceless awareness that holds both the question and the questioner in a timeless embrace From the foreword by Adyashanti

Nothing Personal: Seeing Beyond the Illusion of a Separate Self Nirmala, 2010-01-16 Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are *Nothing*

Personal Nirmala Nirmala,2014-03-01 The beauty of this collection of Nirmala s talks and dialogues is that it covers much of the spectrum of spiritual awakening from the initial experience of one s true nature to the practical challenges which always call for a deeper seeing and deeper understanding of how spirit manifests as all of life and beyond Within these talks and dialogues you the reader will find Nirmala to be a living invitation to look within Nirmala welcomes whatever arises within the field of experience In the midst of this welcoming is always an invitation to inquire deeply within to the core of who and what you are Again and again Nirmala points the questions back to the questioner and beyond to the very source of existence itself to the faceless awareness that holds both the question and the questioner in a timeless embrace from the Foreword by

Adyashanti *Every Evening Comes the Moon* Brian Theriault,2022-04-07 Brian takes us on a journey into the paradox of the human condition to the depths of human suffering where there exists the transformational healing opportunity of waking up to the essence of who we are This is described in many contemplative wisdom traditions that point to a reality that exists beyond the identification with the separate self the sense of me to a reality that is unconditioned and considered the ultimate medicine to pain and suffering With the phases of the Moon serving as a metaphor for waking up out of the darkness of the separate self this book opens our eyes to the healing power of awakening to our true nature in the midst of some of our most terrifying experiences The states of confusion fear and shame the experiences of trauma addictions grief and loss and the suffering of spiritual seeking itself can be met with the restorative power of awakening When we embody surrender grace attention and openness in our darkest moments we can begin to see that in the evening of despair lies the moonlight of our own awakening **Back To The Truth** Dennis Waite,2010-05-11 A systematic treatment of Advaita which demystifies it

differentiating between approaches and teachers enabling you to decide which approach is most suitable for you *Everything Is Included* Nirmala,2016-04-04 Oneness is not only a profound and very personal life changing experience but a perspective that can transform the world by bringing more love light compassion and truth to the world Oneness connects us all We are all affecting each other in every moment and recognizing this to whatever degree we can is transformative Everything is included in this oneness which all spiritual teachers and enlightened leaders point to In embracing everything with an attitude of its essential worth and value we can go beyond the illusions of separation to a simple resting in the beauty and mystery of all of reality This book is a collection of articles and essays which continually point to this oneness and the all inclusiveness of life In it you will find responses to many common questions posed by seekers which will help you in your search for greater peace love and understanding **Meeting the Mystery** Nirmala,2012-03-24 What is the source of the aliveness and awareness which are fundamental to all life What is the nature of desire and how do our desires relate to suffering How do we know what is true What is the nature of belief and how do our beliefs affect our ability to experience the deeper reality that is always here And in the midst of these mysteries how do we live our daily lives in the most satisfying and integrated way Meeting the Mystery explores these questions and will help you discover new

dimensions and possibilities in your life This collection of articles and answers to questions posed by spiritual seekers is a springboard to ever deeper inquiry into the greatest mystery of all Presence which is who you really are *The Manifesting Manual!* Jafree Ozwald,2014-03-22 You are about to experience the most incredible life imaginable There are many techniques secrets and manifesting tools contained within this manual which over the next 90 days will awaken the most powerful forces in the Universe that are deep inside you An unlimited source of energy has been dormant up until now sleeping waiting for the right moment in time to rise up magnificently throughout your being and ignite miracles in your life Opening up this cosmic energy is not as difficult as you may think yet is a metaphysical exploration that is more satisfying loving and empowering than anything you could imagine **The Book of One** Dennis Waite,2010-05-11 A comprehensive yet entertaining introduction to Advaita the non dual philosophy which provides a completely reasonable explanation for who we are and the nature of the universe There are many self help approaches promising enlightenment and happiness but most are illogical and lack any proven capability Advaita has a guru disciple tradition stretching back for several thousand years and can guarantee the sincere seeker a progressive path to self realization A 21st Century treatment of this ancient eastern philosophy this book addresses all of the issues that are covered by both traditional teachers from the lineage of Shankara and by modern satsang teaching and Direct Path methods stemming from Ramana Maharshi and Krishna Menon Topics are explained in an accessible and readable manner using amusing quotations and stories along with an abundance of metaphors from a wide variety of sources *Evolutionary Enlightenment* Andrew Cohen,2011 Cohen has re envisioned spiritual enlightenment in a completely new context This context is as he writes nothing less than the 14 billion year epic of our cosmic evolution a vast perspective that enhances and enlarges to almost infinite proportions the sense of the significance of what it means to be human *Be Who You Are* Jimmy Brandmeier,2018-07-03 A musician s song for his children is an impassioned call to stay true to yourself and the basis for this inspiring guide to living authentically Award winning composer and musician Jimmy Brandmeier always knew that happiness meant never letting go of your dreams As his children made their way out of the nest and into the world he wanted to make sure they had the same sense of self direction So he did what he does he wrote a song But his message was bigger than a ballad could hold Jimmy dug deeper into everything he wanted to impart to his kids and his song became this uniquely intimate humorous and spiritual book In *Be Who You Are* Brandmeier offers his children a map to the inner and outer roads of life He teaches them that the only possible failure is failing to be who you are No matter how successful your life may look on the outside your authenticity is what gives your life purpose and meaning Little did Jimmy know that the message he was so passionate about giving his children is one we all need to hear *Be Who You Are* always no matter what no matter where **Beyond Self-Realization** Paul Breer,2018-06-21 *Beyond Self-Realization* In his previous book on philosophy *The Spontaneous Self* the author argued that the concept of free will is an illusion while detailing what it might imply for our thoughts feelings and behavior to dispel that belief The present volume

takes the argument further With equal emphasis on theory and practice it illustrates how giving up one's identity as a free willing inner I can serve as a stepping stone to the state of enlightenment To experience enlightenment we have to go beyond self realization and that can happen only if we change the way we define ourselves Given the ubiquitous value placed on the self in our Western culture that is not an easy task If the path to enlightenment can be envisioned as a trail leading to the top of a mountain the self can be seen as a large rock blocking the way To get to the top we have to either blast our way through the rock or go around it Most spiritual traditions opt for the latter In *Beyond Self Realization* the author lays out a plan for blasting our way through The plan consists of two steps first a gradual shrinking of the self illusion and second a total uprooting of the self tree The techniques used include meditation contemplation linguistic exercises and group work in which members look for signs that the self illusion is present in their behavior Once a sign is detected the other techniques are brought to bear on removing the rock When applied with persistence the practice is designed to release one from the cage of quiet desperation in which most of us are trapped Once released we are free to discover who we really are [Vivir Desde el Corazon](#) Nirmala,2010-05-04 El Coraz n espiritual es la fuente de amor paz sabidur a y felicidad Todo aquello que en realidad importa lo encontramos dentro de nuestro propio Ser Vivir desde el Coraz n utiliza gu as y ejercicios para guiar a los lectores de forma gradual y profunda hacia experiencias de sabidur a interna y hacia la capacidad ilimitada de amar Consiste de una colecci n de ense anzas acerca del Coraz n incluyendo Desde el Coraz n El descenso desde su mente hacia su Ser Ofrece maneras simples de alcanzar una perspectiva m s abierta y de aceptaci n adem s de explorar su verdadera naturaleza como espacio consciente La Sabidur a del Coraz n Dirige al lector hacia el Coraz n la verdadera fuente de sabidur a Amar Es Dar No Recibir Se ala la verdadera fuente de amor en su propio coraz n Nos llenamos de amor dando amor [Public War, Private Conscience](#) Andrew Fiala,2010-05-02 Public War Private Conscience offers a philosophical reflection on the moral demands made upon us by war providing a clear and accessible overview of the different ways of thinking about war Engaging both with contemporary examples and historical ideas about war the book offers unique analysis of issues relating to terrorism conscience objection just war theory and pacifism Andrew Fiala examines the conflict between utilitarian and deontological points of view On the one hand wars are part of the project of public welfare subject to utilitarian evaluation On the other hand war is also subject to deontological judgment that takes seriously the importance of private conscience and human rights This book argues that the conflict between these divergent approaches is unavoidable We are continually caught in the tragic conflict between these two values public happiness and private morality And it is in war that we find the conflict at its most obvious and most disturbing [Wake Up](#) Srinivas,2025-03-07 Are we truly evolving or are we merely repeating the same patterns under different circumstances Humans have advanced technologically built civilizations and shaped societies yet inwardly have we really changed Do we still live in fear conflict and division driven by the same instincts that ruled us centuries ago Wake Up is not a self help book filled with techniques or quick solutions It is an invitation to

observe question and understand the very nature of our thoughts emotions and conditioning It challenges the illusions we hold about progress happiness and identity urging us to look beyond superficial change and into the depths of our consciousness With deep insight and clarity this book explores the patterns that keep us trapped craving security seeking validation conforming to beliefs and living mechanically without true awareness Through inquiry rather than instruction it asks the fundamental questions Can we free ourselves from the cycle of fear and desire Is real transformation possible What does it mean to live with complete awareness If Be the Best Version of Yourself was about personal growth Wake Up is about breaking free This book is for those who seek more than answers it is for those willing to see beyond the known to step into the unknown and to truly Wake Up *Cocchi di mamma, cocche di papà. Riconoscere il proprio ruolo e vivere in armonia* Anna Zanardi,2010 **Seeing Beyond Illusions** David Cowan,2015-03-01 Using the fundamentals of A Course in Miracles Seeing Beyond Illusions walks us through a gentle dismantling of the dualistic lie of separation freeing us from our unconscious guilt at having forsaken Source by learning to trust our divine connection to all that is At its core this book is about letting go of our need and urge to control freeing ourselves to embrace forgiveness and experience the reality of our profound connection with others The easiest of easygoing spiritual coaches David Cowan has a gift for synthesizing wisdom as old as Jesus and as cutting edge as neuroscience his writing is infused with an all encompassing relevance that heals

Your Journey to Peace Rosemary McCarthy,2016-10-21 Intertwined with Rosemary McCarthys personal journey of shifting from an angry frustrated person blaming others for her unhappiness to someone who now lives content with herself and in harmony with others Your Journey to Peace brings the esoteric to the practical and maps out how to become your Best Self and feel empowered in all areas of your life It also explains Why we are the way we are individually and collectively and how we got this way How we find peace within ourselves by making peace in our relationships and all situations That God does not allow for suffering We create it by upholding dualistic concepts of me and you and us and them that we embraced at our beginnings and before form The precursor to the Big Bang was the need for form to play out those dualistic concepts we chose at our beginnings all our issues stem from those original concepts based on ideas of separation rather than unity That understanding time makes the seven day creation model valid What are the extraterrestrials origins How we can reconcile the growing evidence of our past association with the ETs and our scriptures and beliefs Our need to embrace the Indigenous peoples connection to Gaia That we chose to be here at this time of the Shift to bring about our personal and Gaias

Ascensions **Not Just Private** Craig Bakker,2023-03-07 Both within the church and outside of it popular discourse around sex is often shallow and individualistic This is especially true on the topic of sex outside of marriage Not Just Private explains how our sexual practices can and should stem from our deeply held uniquely Christian convictions convictions that mean we cannot talk about sex apart from Christian community or Christian character Laying out those foundations allows us to recover Christian insights that many of us have lost and to identify the cultural syncretism that has crept into our churches

With these foundations in view we can see how sex is not about following rules or avoiding harm but rather about producing certain kinds of individuals and communities This is a book for Christians who want to be chaste but are not sure why they should be This is also a book for non Christians wondering why some Christians practice what Oscar Wilde described as the greatest sexual perversion namely chastity In the end Not Just Private shows both how Christian perceptions and beliefs are deeply at odds with the practice of extramarital sex and how the perceptions and beliefs that support extramarital sex are unchristian
