becomes ever more pressing this volume provides fresh insights Salvation and Revolution Jesse Zexi Sun,2025 This book traces the intellectual and spiritual journeys of Chinese Protestant intellectuals Zhao Zichen Wu Yaozong and Cai Yongchun among many in the tumultuous 20th century China from the fall of the Qing Dynasty through the Cultural Revolution These leaders strove to align their Christian faith with the challenges of a nation in upheaval initially advocating a Liberal Synthesis that fused Christian ethics with national renewal As wars and revolutions swept across China figures like Wu Yaozong turned to socialism while others like Zhao and Cai embraced more conservative theological positions The rise of the CCP during the Chinese Civil War divided their paths yet all remained dedicated to a role of Christianity in China s future **The State of Church Giving through 2022** John Ronsvalle,Sylvia Ronsvalle,2025-08-28 The State of Church Giving through 2022 is the 34th edition in an annual series that began with The State of Church Giving through 1989 These analyses consider denominational giving data for a set of denominations st analyzed in a study published in 1988 The present report reviews data for a composite set of denominations from 1968 through 2022 As of 2022 this composite group included 21 4 million full or con med members across the Protestant theological spectrum As of the latest year with relevant data available 2010 these communions included just over 100 000 of the estimated 350 000 religious congregations in the U S Analyses in other chapters present additional data that expands the group of communions to include other Protestants and also Catholics The broadest data set includes membership of 103 million in 2022 *The Free Church* James D. Murch,2014-06-06 A Revolutionary Faith Raúl E. Zagarra,2023-03-14 Religious commitments can be a powerful engine for progressive social change and in this new book Ra l E Zagarra examines the process of articulation of religious beliefs and political concerns that takes place in religious organizing and activism Focusing on the example of Latin American liberation theology and the work of Peruvian theologian Gustavo Guti rrez Zagarra shows how liberation theology advocates have been able to produce a new balance between faith and politics that advances an agenda of progressive social change without reducing politics to faith or faith to politics Drawing from theologian David Tracy s method of critical correlation the book focuses on key historical philosophical and theological shifts that have allowed liberation theologians to produce a new interpretation of the relationship between faith and politics in the Christian tradition especially when issues of social justice are at stake The book further approaches liberation theology s contributions to theorizing social justice through an unconventional path a critical dialogue with the work of philosopher John Rawls This dialogue as Zagarra contends allows us to see more clearly the contributions of liberation theology to the cause of progressive social change Ultimately the book stands between public religion and public reason offering something of a blueprint for theological innovation and for how to remain committed to one s faith while respecting and defending the core values of democracy Territories of Faith Sven Sterken,Eva Weyns,2022-01-28 A novel and interdisciplinary perspective on post war church building In the 1950s and 1960s thousands of churches were built across Europe in an attempt to keep up with the continent s rapid urbanisation This book addresses

Russian Archaism Irina Shevelenko, 2024-08-15 Russian Archaism considers the aesthetic quest of Russian modernism in relation to the nation building ideas that spread in the late imperial period Irina Shevelenko argues that the cultural milieu in Russia where the modernist movement began as an extension of Western trends at the end of the nineteenth century soon became captivated by nationalist indoctrination Members of artistic groups critics and theorists advanced new interpretations of the goals of aesthetic experimentation that would allow them to embed the nation building agenda within the aesthetic one Shevelenko s book focuses on the period from the formation of the World of Art group 1898 through the Great War and encompasses visual arts literature music and performance As Shevelenko shows it was the rejection of the Russian westernized tradition informed by the revival of populist sensibilities across the educated class that played a formative role in the development of Russian modernist agendas particularly after the 1905 revolution Russian Archaism reveals the modernist artistic enterprise as a crucial source of insight into Russia s political and cultural transformation in the early twentieth century and beyond

Lee, 2025-11-04 Religion promises truth but too often delivers contradiction In this deeply personal memoir Roy Lee Douglas Jr lays bare the wounds inflicted by religious hypocrisy betrayals false piety and human failures that distort the very faith they claim to uphold Yet this is not simply a story of disillusionment It is also a story of resilience Through honest reflection sharp critique and poetic storytelling Roy Lee Douglas Jr wrestles with the gap between what religion preaches and how it is practiced And in that struggle something emerges a rediscovery of Jesus not as an institutions possession but as a voice that cuts through hypocrisy a presence that endures despite it a message that still speaks with radical love and grace This memoir is for anyone who has ever questioned doubted or felt betrayed by religion yet still hungers for something real It is both a lament and a testimony a reckoning and a renewal Raw unflinching and ultimately hopeful this book is an invitation to see faith not through the failures of men but through the enduring truth of Christ s words **MasterClass in Religious**
