Nra An American Legend

Frank N. Egerton

Nra An American Legend:

NRA Jeffrey L. Rodengen,2002 NRA An American Legend is the official account of the history of the National Rifle Association From a humble beginning over 131 years ago the volume recounts the story of the organization including several hundred photos **The NRA** Frank Smyth,2020-03-31 For the first time the definitive account of America s most powerful most secretive and most controversial nonprofit and how far it has strayed from its origins The National Rifle Association is unique in American life Few other civic organizations are as old or as large None is as controversial It is largely due to the NRA that the U S gun policy differs so extremely some would say so tragically from that of every other developed nation But as Frank Smyth shows the NRA has evolved from an organization concerned above all with marksmanship and which supported most government efforts around gun control for a hundred years to one that resists all attempts to restrict guns in any way At the same time the organization has also buried its own remarkable history Here is that story from the NRA s surprising roots in post Civil War New York City to the defining event that changed its culture forever the so called Cincinnati Revolt of 1977 to the present day where President Donald Trump is the most ardent champion in the White House the NRA has ever had For anyone who has looked at access to guns in our society and asked Why this is an unmatched account of how we got here and who got us here Race, Rights, and Rifles Alexandra Filindra,2023-09-26 An eye opening examination of the ties between American gun culture and white male supremacy from the American Revolution to today One third of American adults approximately 86 million people own firearms This is not just for protection or hunting Although many associate gun centric ideology with individualist and libertarian traditions in American political culture Race Rights and Rifles shows that it rests on an equally old but different foundation Instead Alexandra Filindra shows that American gun culture can be traced back to the American Revolution when republican notions of civic duty were fused with a belief in white male supremacy and a commitment to maintaining racial and gender hierarchies Drawing on wide ranging historical and contemporary evidence Race Rights and Rifles traces how this ideology emerged during the Revolution and became embedded in America s institutions from state militias to the National Rifle Association NRA Utilizing original survey data Filindra reveals how many White Americans including those outside of the NRA s direct orbit embrace these beliefs and as a result they are more likely than other Americans to value gun rights over voting rights embrace antidemocratic norms and justify political violence **The Civil War Era and Reconstruction** Mary Ellen Snodgrass,2015-03-26 The encyclopedia takes a broad multidisciplinary approach to the history of the period It includes general and specific entries on politics and business labor industry agriculture education and youth law and legislative affairs literature music the performing and visual arts health and medicine science and technology exploration life on the Western frontier family life slave life Native American life women and more than a hundred influential individuals **Sport in American Culture** Joyce D. Duncan,2004-11-19 A unique and timely exploration of the cultural impact of sport on American society including lifestyles language and thinking

Sport in American Culture is the first and only reference work to provide an in depth and up to date exploration of sport and its impact on American culture Essays from more than 200 scholars professionals and sports enthusiasts address how sport has changed our lifestyles language and thinking Arranged alphabetically the work introduces key sport figures and national icons with a focus on their cultural impact examines individual sports and how they have influenced society and discusses such phenomena as the billion dollar athletic apparel industry sport as big business and the effect of sport on gender racial views pride and nationalism In addition to expected topics the work also includes less studied areas such as myths audience rituals Wheaties comic books the hula hoop and religion

Guncrazy America Frank N. Egerton, 2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it s time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization

Gun Trafficking and Violence David Pérez Esparza, Carlos A. Pérez Ricart, Eugenio Weigend Vargas, 2021-04-22 This edited book addresses the issues of gun trafficking and gun violence across different regions of the world including the Americas Africa Asia Europe and Oceania It seeks to identify global key trends on gun trafficking and related violence and discuss different enforcement measures Each chapter is written by teams of distinguished academics and or experienced practitioners to include practitioner insights and policy proposals on issues related to gun violence and gun trafficking Chapters offer an overview of violence and recent gun control debates in the regions enumerate challenges provide lessons learnt and recommend policy solutions An overview of the global small arms trade is provided at the beginning alongside a comparative analysis of common challenges and significant differences across the regions This book speaks to those in Criminology International Relations Public Policy International Security Public health and Law and to civil society organizations think tanks research centers policy analysts and policy makers involved in gun control debates

Lock, Stock, and Barrel Clayton E. Cramer, 2018-02-21 This provocative book debunks the myth that American gun culture was intentionally created by gun makers and demonstrates that gun ownership and use have been a core part of American society since our colonial origins Revisionist historians argue that American gun culture and manufacturing are relatively recent developments They further claim that widespread gun violence was largely absent from early American history because guns of all types and especially handguns were rare before 1848 According to these revisionists American gun culture was the creation of the first mass production gun manufacturers who used clever marketing to sell guns to people who neither wanted nor needed them However as proven in this first scholarly history of gun culture in early America gun ownership and use have in fact been central to American society from its very beginnings Lock Stock and Barrel The Origins of American Gun Culture shows that gunsmithing and gun manufacturing were important parts of the economies of the colonies and the early republic and

explains how the American gun industry helped to create our modern world of precision mass production and high wages for workers

America's Gun Wars Donald J. Campbell, 2019-04-10 This book examines the controversies surrounding gun control which are less about whether it works and more about whether the nation should prioritize traditional values of rugged independence or newer values of communitarian interdependence America's Gun Wars contends that an understanding of America's gun controversy cannot be found in statistics documenting the rise or fall of violent crime or in examining trade offs between societal needs and personal safety or in following the political maneuvering of advocacy groups such as the National Rifle Association or Everytown for Gun Safety At heart the gun controversy is a values conflict involving how people see themselves and how they make sense of the world they live in Understanding this controversy requires a deep analysis of the profoundly different cultures inhabited by pro and anti gun activists lawmakers and voters Written by a social scientist who has spent his life exploring how values and self perceptions impact behavior this book explores the origins and evolution of cultures in American society the beliefs experiences and principles that guide the behavior of members in both camps and the triumphs and failures that the two sides have experienced from colonial times to the present day

The Marksmanship Primer Jim Casada, 2013-02-01 The Marksmanship Primer serves as a roadmap to greater shooting proficiency as well as greater enjoyment of the sport of shooting Jim Casada renowned outdoors author and editor has brought together the best selections from America's great gun writers of yesterday and today Marksmen of all levels of experience beginners pros and hobbyists can benefit from this collection of shooting wisdom Topics include Positions for Rifle and Handgun Shooting Sighting In Ballistics Rifle Marksmanship for the Hunter Accuracy at All Distances Hunting with the Handgun Physical and Mental Fitness for the Marksman Achieving accuracy and a high degree of competence is an immediate joy refining it through regular trips to the range or the field can provide a lifetime of pleasure The Marksmanship Primer is the best book to seek hunting and target shooting knowledge

America's 1st Freedom, 2003 Latter-Day Responsibility Connor Boyack, 2012 With our personal liberties under constant threat it's up to Latter day Saints everywhere to stand up for our freedoms This compelling volume describes in detail the many responsibilities we must each perform if we truly wish to defend individual liberty in the latter days Including topics like faith family and financial freedom this is a must read for all members

Guns and Contemporary Society Glenn H. Utter, 2015-12-01 This three volume set examines various approaches to firearms including constitutional and legal issues public health and criminal justice concerns and perspectives on personal safety and self defense Recent mass shootings have led to renewed calls for additional legislation at the state and federal levels to address gun access and control In this hard hitting compilation experts delve into various aspects of firearms in America from gun control and gun rights to militia movements to school related shootings and to the recent trends in gun ownership by women Authors from varied backgrounds and viewpoints share their perspectives on the pros and cons of firearm ownership as all of the following a constitutional right a key instrument of self defense a guarantee of political

freedoms and as a major factor in crime and personal injury The reference is divided into three volumes The first volume covers firearm history legislation and policy the second volume explores public opinion gun ownership trends international laws and self defense and the third considers popular debates about firearm policy including concealed carry of firearms terrorism and the ownership of firearms background checks for purchasing guns and stand your ground laws The work concludes with an informed debate on gun policy between Richard Feldman president of the Independent Firearm Owners and Paul Helmke former president of the Brady Campaign to Prevent Gun Violence

Patriot Hero of the Hudson Valley Vincent T. Dacquino, 2019-04-01 A female Paul Revere 16 year old Sybil Ludington's heroic actions helped the army win many battles in the Hudson Valley of New York Read the fascinating story of her life and legacy The Revolutionary War in the Hudson Valley inspired the rise of heroes and heroines alike On a rainy night in 1777 sixteen year old Sybil Ludington mounted her beloved horse and rode forty miles through enemy infested Putnam County to warn her father's regiment of impending British raids Riding twice the distance of Paul Revere and under more dire circumstances her heroic efforts helped position the Continental army in subsequent battles A widow at a young age Sybil became a successful businesswoman in a male dominated profession and lived in the region for her remaining years Through family documents and correspondence author Vincent T Dacquino charts the incredible life and legacy of Sybil Ludington

Small Arms Survey 2007 Small Arms Survey, Graduate Institute of International Studies (Geneva, Switzerland), 2007-09-06 The Small Arms Survey 2007 features a special focus on the complex issue of urban violence

American Motorcyclist, 1995-01 American Motorcyclist magazine the official journal of the American Motorcyclist Association tells the stories of the people who make motorcycling the sport that it is It's available monthly to AMA members Become a part of the largest most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800 AMA JOIN

Patriot Hero of the Hudson Valley: The Life and Ride of Sybil Ludington Vincent T. Dacquino, 2019 Originally published as Sybil Ludington the call to arms Purple Mountain Press 2000 Title page verso

The Story of HealthSouth Jeffrey L. Rodengen, 2002 In 1984 a year after Congress overhauled the way Medicare would pay hospitals and medical centers a young entrepreneur named Richard Scrushy decided to start a new kind of healthcare company one that took rehabilitation out of the basements of hospitals and moved it into bright and lively settings that promoted wellness and healing Scrushy sought to coordinate all aspects of rehabilitation from social services to physical and occupational therapy under one roof After only 18 years HealthSouth became the nation's leading provider of ambulatory surgery diagnostic imaging and inpatient and outpatient rehabilitation Brings to vivid life the fascinating history of one of the most dynamic healthcare corporations in America

Gun Studies Jennifer Carlson, Kristin Goss, Harel Shapira, 2018-12-07 As cultural social political and historical objects guns are rich with complex and contested significance What guns mean why they matter and what policies should be undertaken to regulate guns remain issues of vigorous scholarly and public debate Gun Studies offers fresh research and

original perspectives on the contentious issue of firearms in public life. Comprising global interdisciplinary contributions, this insightful volume examines difficult and timely questions through the lens of Social practice, Marketing and commerce, Critical theory, Political conflict, Public policy, Criminology. Questions explored include the evolution of American gun culture from recreation to self protection, the changing dynamics of the pro gun and pro regulation movements, the deeply personal role of guns as sources of both injury and security, and the relationship between gun wielding individuals, the state and social order in the United States and abroad. In addition to introducing new research, Gun Studies presents reflections by senior scholars on what has been learned over the decades and how gun related research has influenced public policy and everyday conversations. Offering provocative and often intimate perspectives on how guns influence individuals, social structures and the state in both dramatic and nuanced ways, Gun Studies will appeal to students and researchers interested in fields such as sociology, political science, legal history, criminology, criminal justice, social policy, armaments industries and violent crime. It will also appeal to policy makers and all others interested in and concerned about the use of guns.

Lethal Passage Erik Larson, 2011-07-27. This devastating book illuminates America's gun culture, its manufacturers, dealers, buffs and propagandists, but also offers concrete solutions to our national epidemic of death by firearm. Touches on all aspects of the gun issue in this country. Gives great voice to that feeling that something real must be done. San Diego Union Tribune. One of the most readable anti gun treatises in years. Washington Post Book World. It begins with an account of a crime that is by now almost commonplace: on December 16, 1988, sixteen year old Nicholas Elliot walked into his Virginia high school with a Cobray M 11 9 and several hundred rounds of ammunition tucked in his backpack. By day's end he had killed one teacher and severely wounded another. In *Lethal Passage*, Erik Larson shows us how a disturbed teenager was able to buy a weapon advertised as the gun that made the eighties roar. The result is a book that can and should save lives and that has already become an essential text in the gun control debate.

Reviewing **Nra An American Legend**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
