Blomberg,2020-06-16 People regularly give certain reasons for not believing in God but they are much less aware of what the New Testament actually teaches Although challenges to Christianity are perennial and have frequently been addressed they are noticeably more common today and are currently of particular interest among evangelicals Skeptics of

Christianity often ask highly regarded biblical scholar and popular speaker Craig Blomberg how he can believe in a faith that seems so problematic How can God allow evil and suffering Isn t the Bible anti women anti gay and pro slavery Isn t the New Testament riddled with contradictions What about the nature of hell violence in Scripture and prayer and predestination Following the author s successful *Can We Still Believe the Bible* this succinct and readable book focuses on what the New Testament teaches about 10 key reasons people give for not believing in God *The New Chosen People, Revised and Expanded Edition* William W. Klein, 2015-11-25 Controversy rages on about God s choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God s choosing individuals prophets priests kings to serve divine purposes and considers God s election of the nation of Israel as his special people This OT study proposes that God s election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul s writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God s election and offers a real challenge to today s church *The Lost Apostle, Paperback Reprint* Rena Pederson, 2008-04-11 In *The Lost Apostle* award winning journalist Rena Pederson investigates a little known subject in early Christian history the life and times of the female apostle Junia Junia was an early convert and leading missionary whose story was lost when her name was masculinized to Junias in later centuries *The Lost Apostle* unfolds like a well written detective story presenting Pederson s lively search for insight and information about a woman some say was the first female apostle *Christology and Scripture* Andrew Lincoln, Angus Paddison, 2008-03-20 In *Christology and Scripture* leading biblical scholars and theologians explore the relation of theological thought to the reading of Scripture The focus is on three inter related issues The first is how theologians appropriately read Scripture around Christ and what contribution if any historical criticism makes to this endeavour The second is that of the person and work of Christ in relation to Scripture In interaction with specific texts contributors engage with the related questions of who Christ is and how his benefits are communicated This leads on to the final issue of responsiveness to our current context of reading and contributors reflect on how Christological models relate to contemporary cultural and political concerns *True to Our Native Land, Second Edition* Brian K.
