then I taught them to my own children 50 years on I have used repetition repetition repetition to learn advanced tennis strokes and become a world ranked Senior Tennis player So learning to read using phonics does work and you can start children learning as young as three years of age How Singapore is achieving 90 % literacy is discussed in Book 1 Teach to Read so it will not be repeated here Let me repeat here that reading has to be strongly associated with enjoyment My advice to parents is to have the child next to you on a sofa or a bed when you read them stories
