Wilson,2016-12-22 John Polkinghorne ordained member of the Royal Society past President of Queen s College Cambridge Knight Commander of the Order of the British Empire 2002 Templeton Prize winner theoretical physicist and theologian writes in breathless style to unfold core Christian doctrine in dialogue with science His work deftly addresses how one would interpret and commend Christian faith in the contemporary world as he elucidates the key topics in the dialogue of religion with science Polkinghorne s work addresses the hope Christians have present and future in the faithfulness of a loving God who stands alongside them today and for all eternity Eschatological hope enables and empowers Christian life and emerges in God s resurrection of Jesus from the horrific crucifixion Polkinghorne ably supports his thesis with a strong argument for the resurrection built on the kenotic acts of God His thesis sees Christian eschatology as the advent of hope the heart of faith In Christian eschatology as argued by Polkinhorne and supported in the work of Jurgen Moltmann and Nicholas T Wright Christ s presence is not some far off event but present reality *Losing Our Religion?* Kevin Ronald Ward,2013-10-22

Church going in most Western societies has declined significantly in the wake of the social and cultural changes that began in the 1960s Does this mean that people in these societies are losing any religious dimension in their lives or is it being expressed in other forms and places This study begins by looking at comparative data on how church going patterns have changed in five countries Britain the United States Canada Australia and New Zealand examining reasons for the decline how churches have responded to these changes and why some churches have shown greater resilience It then explores some of the particular challenges these changes pose for the future of churches in these societies and some of the responses that have been made drawing on both sociological and theological insights The conclusion is that despite the loss of belonging believing persists and religion continues to play a significant role in these societies mediated in a variety of diffuse cultural forms Cases illustrating these changes are largely drawn from New Zealand which as the country most recently settled by Europeans has always been secular and thus provides helpful insights *China's Urban Christians* Brent Fulton,2016-12-29

Thesis Brian A. Bompiani,2020-09-29 Five hundred years ago Martin Luther posted his ninety five theses or grievances to the door of the All Saints Church of Wittenberg and condemned the Catholic Church s teaching of indulgences as nothing but a scheme to raise money for the church It is a supreme irony of history that five hundred years later it is now a subset of the Protestant Church that is defrauding the faithful The Catholic Church s teaching of indulgences and the evangelical movement s teaching of tithing to be blessed are substantially the same and lead to the same result In both cases the church walks away with a bag of money and the Christian walks away with a bag full of empty promises This book explains why I am losing faith in the church but finding faith in Christ The reason for this is that I began finding answers to some of the most elusive questions about God Something is preventing God from doing all the good that he would otherwise want to do But here is the problem How can God have limitations If he has limitations then he must not be divine However there is one thing that could prevent a good all powerful God from doing all the good that he would otherwise want to do that would not detract at all from his omnipotence What this is and how it holds the key to unlocking some of the most perplexing mysteries of God

is explained in this book Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986, 2001

New Testament Words for Today Warren W. Wiersbe, 2013-10-15 It's remarkable how much the Lord can say to us in only five words of Scripture. Scattered throughout the Bible are small phrases that pack a punch. They teach truths, uncover human frailties, reveal God's grace, and even expose the schemes of the Enemy. Bestselling and beloved author Warren Wiersbe offers one hundred concise but nourishing devotions that zero in on powerful five word statements from the New Testament. Each devotion is quickly digested, easily remembered, and leaves a lasting impact. Believers who are hungry for more of God's Word will use this book of bite-sized meditations for daily encouragement and renewal as they search for the will of God in their lives.

Religion and Politics in America Allen D. Hertzke, Laura R. Olson, Kevin R. Den Dulk, Robert Booth Fowler, 2018-08-06 Religion and politics are never far from the headlines, but their relationship remains complex and often confusing. This book offers an engaging, accessible, and balanced treatment of religion in American politics. It explores the historical, cultural, and legal contexts that motivate religious political engagement and assesses the pragmatic and strategic political realities that religious organizations and people face. Incorporating the best and most current scholarship, the authors examine the evolving politics of Roman Catholics, evangelical and mainline Protestants, African American and Latino traditions, Jews, Muslims, and other religious minorities, recent immigrants, and religious nones and other conventional and not so conventional American religious movements. New to the Sixth Edition: Covers the 2016 election and assesses the role of religion from Obama to Trump; Expands substantially on religion's relationship to gender and sexuality, race, ethnicity, and class; and features the role of social media in religious mobilization. Adds discussion questions at the end of every chapter to help students gain deeper understanding of the subject. Adds a new concluding chapter on the normative issues raised by religious political engagement to stimulate lively discussions.

It Starts at Home Kurt Bruner, Steve Stroope, 2020-08-04 As Your Children Grow, Will Their Faith Grow Too? As both stories and statistics attest, the number of evangelical children who abandon Christianity in adulthood is staggering. To see effective change, parents cannot leave their child's faith to chance. Rather, families must start nurturing faith early; you cannot start once your child is grown; you must start at home. Strengthening family and home life is the best way to encourage your children to maintain a lifelong faith. It Starts at Home upholds marriage and family as the proving ground for lasting success. Experienced pastors Kurt Bruner and Steve Stroope provide a clear purpose, an effective strategy, and a simple plan for anyone who wants to be intentional in their homes. Their insights will help leaders recalibrate their priorities by asking them to evaluate their leadership where it counts most. This newly revised edition evaluates the current trends families and young adults face that can contribute to this crisis. Don't let your child's faith fade to memory; learn how you can create a home that will prepare them for lifelong faith.
