Spotify Teardown Maria Eriksson, Rasmus Fleischer, Anna Johansson, Pelle Snickars, Patrick Vonderau, 2019-02-12 An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience Spotify provides a streaming service that has been welcomed as disrupting the world of music Yet such disruption always comes at a price Spotify Teardown contests the tired claim that digital culture thrives on disruption Borrowing the notion of teardown from reverse engineering processes in this book a team of five researchers have playfully disassembled Spotify's product and the way it is commonly understood Spotify has been hailed as the solution to illicit downloading but it began as a partly illicit enterprise that grew out of the Swedish file sharing community Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation raising questions about the ways in which such cultural content as songs books and films are now typically made available online Spotify Teardown combines interviews participant observations and other analyses of Spotify's front end with experimental covert investigations of its back end The authors engaged in a series of interventions which include establishing a record label for research purposes intercepting network traffic with packet sniffers and web scraping corporate materials The authors innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use the company later threatened their research funding Thus the book itself became an intervention into the ethics and legal frameworks of corporate behavior

Musical Genre Mads Krogh, 2025-01-09 From recent decades digitization have emerged a myriad of techniques for mapping musical life identifying patterns in sound or musico cultural practices and compiling labels names tags and classes on an unprecedented scale Proliferating genre catalogs in the context of digital platforms and the conjunction of genre with notions of for example mood and activity are among the consequences which challenge prevailing scene based and identificational understandings in musical genre studies This book answers to this challenge Centering on the concepts of musico generic assemblage and abstraction it offers new perspectives on musical genre fit for current times but with the potential for also reconsidering historical cases

"This Is America" Katie Rios, 2021-06-10 In This Is America Race Gender and Politics in America's Musical Landscape Katie Rios argues that prominent American artists and musicians build encoded gestures of resistance into their works and challenge the status quo These artists offer both an interpretation and a critique of what This Is America means Using Childish Gambino's video for This Is America as a starting point Rios considers how elements including clothing hairstyles body movements gaze lighting effects distortion and word play symbolize American dissonance From Laurie Anderson's presence in challenging authority and playing with traditional gender roles in her works to the Black female feminism and social activism of Beyoncé Rhiannon Giddens and Janelle Monáe to hip hop as resistance in the age of Trump to sonic and visual variety in the musical Hamilton the subjects are as powerful as they are topical Rios explores the ways in which artists relate to and represent underrepresented groups especially groups

that are not traditionally perceived as having a majority voice The encoded resistances recur across performances and video recordings so that they begin to become recognizable as repeated acts of resistance directed at injustices based on a number of categories including race gender class religion and politics **Fremdbestimmte Freude** Andreas

Schoenrock,2021-02-26 Der Einfluss werbetreibender Marken auf die Musikkulturen der Gegenwart ist ungeachtet ihrer dortigen Omnipresenz bislang kaum Gegenstand musikwissenschaftlicher Forschung Andreas Schoenrocks Pionierarbeit Fremdbestimmte Freude legt die autoritative Wirkkraft von Marken und Werbeindustrie auf kontemporäre populäre Musikkulturen im jungen 21.
