Every School a Great School David Hopkins,2007-02-16 Every school a great school is not just a slogan but an aspiration for the next stage of education reform in which each student has the opportunity to reach their full potential The book argues that for every school a great school to become a reality requires a move from individual school improvement efforts and short term objectives to a sustainable system wide response that seeks to re establish a balance between national prescription and schools leading reform Achieving this goal requires strategies that not only continue to raise standards but also build capacity within the system David Hopkins identifies four key educational drivers that if pursued have the potential to deliver every school a great school Personalized learning Professionalized teaching Networking and innovation Intelligent

accountability The author believes that it is the responsibility of system leaders to mould the four drivers to fit individual school contexts It is this leadership that enables systemic reform to be generic in terms of overall strategy and specific in adapting to individual and particular situations Every School a Great School is inspirational reading for head teachers senior leaders and managers researchers lecturers and those with a passionate interest in improving education for all **The Big Red Fez** Seth Godin,2002-01-18 Identifies the guiding principles behind creating websites that satisfy visitors and keep them coming back for more **Weekly World News** ,1996-03-05 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site [InfoWorld](http://www.infoworld.com) ,1988-08-29 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects
