Crash Course in Readers' Advisory Cynthia Orr, 2014-12-05 One of the key services librarians provide is helping readers find books they'll enjoy This crash course will furnish you with the basic practical information you need to excel at readers advisory RA for adults and teens The question can you recommend a good book can be one of the most daunting you face notwithstanding the fact that recommender tools are ubiquitous Often uncertainty arises because although librarians are called on to perform such services daily readers advisory is a skill set in which most have no formal training This guide will remedy that It is built around understanding books reading and readers and will quickly show you how to identify reading preferences and advise patrons effectively You'll learn about multiple RA approaches such as genre appeal features and reading interests and about essential tools that can help with RA Plus you'll discover tips to help you keep up with this ever-changing field There is no other professional book that covers the full spectrum of skills needed to perform the RA service that is in such great demand in libraries of all kinds Helping readers find what they want is a sure way to serve patrons and build your library's brand You will come away from this easy-to-understand crash course with the solid background you need to do both

Global Literary Studies Diana Roig-Sanz, Neus Rotger, 2022-12-05 While the very existence of global literary studies as an institutionalised field is not yet fully established the global turn in various disciplines in the humanities and the social sciences has been gaining traction in recent years This book aims to contribute to the field of global literary studies with a more inclusive and decentralising approach Specifically it responds to a double demand the need for expanding openness to other ways of seeing the global literary space by including multiple literary and cultural traditions and other interdisciplinary perspectives in the discussion and the need for conceptual models and different case studies that will help develop a global approach in four key avenues of research global translation flows and translation policies the post 1989 novel as a global form global literary environments and a global perspective on film and cinema history Gathering contributions from international scholars with expertise in various areas of research the volume is structured around five target concepts space scale time connectivity and agency We also take gender and LGBTQ perspectives as well as a digital approach

Online Searching Karen Markey, 2023-02-07 Online Searching prepares students in library and

information science programs to assist information seekers at all levels from university faculty to elementary school students Included in the third edition are interviews with librarians and other information professionals whose words of wisdom broaden graduate students perspectives regarding online searching in a variety of work settings serving different kinds of information seekers The book s chapters are organized according to the steps in the search process 1 Conducting a reference interview to determine what the seeker wants 2 Identifying sources that are likely to produce relevant information for the seeker s query 3 Determining whether the user seeks a known item or information about a subject 4 Dividing the query into main ideas and combining them logically 5 Representing the query as input to the search system 6 Conducting the search and responding strategically 7 Displaying retrievals assessing them and responding tactically A new chapter on web search engines builds on students existing experience with keyword searching and relevance ranking by introducing them to more sophisticated techniques to use in the search box and on the results page A completely revised chapter on assessing research impact discusses the widespread use of author and article iMetrics a trend that has developed rapidly since the publication of the second edition More than 100 figures and tables provide readers with visualizations of concepts and examples of real searches and actual results Textboxes offer additional topical details and professional insights New videos supplement the text by delving more deeply into topics such as database types information organization specialized search techniques results filtering and the role of browsing in the information seeking process An updated glossary makes it easy to find definitions of terms used throughout the book With new and updated material this edition of Online Searching gives students knowledge and skills for success when intermediating between information seekers and the sources they need **The Newbie**

Author's Survival Guide A.K. Taylor, 2016-11 After crash landing into self publishing with nothing but the clothes she had on author AK Taylor fought for survival with trying to market her books on a small budget After two years of trial and error reworking refining and reaching out she has created the first survival guide for book marketing compiled of great tools and resources that can be used by any author during the rough times Comparing the book marketing wilderness with the real wilderness is how Taylor viewed the publishing world around her Growing up in the woods and learning survival skills has given her this unique viewpoint for a different kind of world When she started her search for information a book marketing survival guide didn t exist until now Short Have you ever been lost in the wilderness Being lost in the wilderness is more dangerous and scarier than being lost anywhere else and more things can happen Book marketing is just like being lost in the real wilderness with pitfalls dangerous plants and animals and knowing what is needed to survive during the rough times Using outdoor survival skills and applying them to book marketing AK Taylor has created the first survival guide for book marketing on a small budget Genreflecting Diana Tixier Herald, Samuel Stavole-Carter, 2019-05-24 Librarians who work with readers will find this well loved guide to be a treasure trove of information With descriptive annotations of thousands of genre titles mapped by genre and subgenre this is the readers advisor s go to reference Next to author genre is the

characteristic that readers use most to select reading material and the most trustworthy consideration for finding books readers will enjoy With its detailed classification and pithy descriptions of titles this book gives users valuable insights into what makes genre fiction appeal to readers It is an invaluable aid for helping readers find books that they will enjoy reading Providing a handy roadmap to popular genre literature this guide helps librarians answer the perennial and often confounding question What can I read next Herald and Stavole Carter briefly describe thousands of popular fiction titles classifying them into standard genres such as science fiction fantasy romance historical fiction and mystery Within each genre titles are broken down into more specific subgenres and themes Detailed author title and subject indexes provide further access As in previous editions the focus of the guide is on recent releases and perennial reader favorites In addition to covering new titles this edition focuses more narrowly on the core genres and includes basic readers advisory principles and techniques
