Four Shades of Gray Simon Peter Rowberry, 2022-04-05 This first book length analysis of Amazon's Kindle explores the platform's technological bibliographical and social impact on publishing Four Shades of Gray offers the first book length analysis of Amazon's Kindle and its impact on publishing Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications then considers the consequences of having a single company control the direction of the publishing industry Exploring the platform from the perspectives of technology texts and uses he shows how the Kindle challenges traditional notions of platforms as discrete entities He argues that Amazon's influence extends beyond disruptive technology to embed itself in all aspects of the publishing trade yet despite industry pushback he says the Kindle has had a positive influence on publishing Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights an account of the digitization of books published after 1922 and a discussion of how Amazon's patent filings reflect a shift in priorities Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to Amazon doing so has had adverse consequences for publishers in the mid and long term limiting opportunities for developing an inclusive and forward thinking digital platform While it has forced publishers to embrace digital forms the Kindle has also empowered some previously marginalized readerships Although it is still too early to judge the long term impact of ebooks compared with that of the older technologies of clay tablets the printing press and offset printing the shockwaves of the Kindle continue to shape publishing

Recharge Your Library Programs with Pop Culture and Technology: Linda D. Behen, 2013-06-17 Learn how to integrate pop culture and technology into school library programs and classrooms and make today's digital content mobile devices and students changing interests work to the educator's advantage Today's school libraries need to evolve and meet the needs of 21st century students the instruction programming

and library services must be relevant to today's learners. Additionally, the interactions between educators and the students are what make the critical difference in the students' learning and turn the library and classroom into places where they will find, assimilate, experience, and understand information. This book provides practical strategies for using pop culture and technology trends to connect with easily distracted middle and high school students and hold their attention. Author Linda D. Behen addresses why school libraries are in transition and why there is a need for dramatic change. She discusses the evolution of all libraries in response to digital content, ubiquitous mobile devices such as smart phones, iPads, and other tablet computers, patrons' changing interests, and the ways in which schools and school libraries have found to effectively adapt to technology changes and student needs. This book is essential for middle and high school librarians and educators, library school students and instructors, and young adult public librarians.

Translating and Transmediating Children's Literature Anna Kérchy, Björn Sundmark, 2020-09-30. From Struwwelpeter to Peter Rabbit, from Alice to Bilbo, this collection of essays shows how the classics of children's literature have been transformed across languages, genres, and diverse media forms. This book argues that translation regularly involves transmediation: the telling of a story across media, and vice versa, and that transmediation is a specific form of translation. Beyond the classic examples, the book also takes the reader on a worldwide tour and examines, among other things, the role of

Soviet science fiction in North Korea the ethical uses of Lego Star Wars in a Brazilian context and the history of Latin translation in children s literature Bringing together scholars from more than a dozen countries and language backgrounds these cross disciplinary essays focus on regularly overlooked transmediation practices and terminology such as book cover art trans sensory storytelling cart enfreakment foreignizing domestication and intra cultural transformation Fan Podcasts Anne Korfmacher,2024-06-28 Starting from the observation of the ubiquity of fan podcasts engaging in media commentary this book explores three fan podcast genres in which commentary manifests as a structuring form rewatch and reread podcasts recap podcasts and review podcasts The author conducts a formalist genre analysis of these podcasts close reading nine case studies to describe how the three genres function and how different fan labour manifests in podcasting Each case study teases out the themes style and formal constellations of the three podcast genres shows how different fans activate the affordances of podcasting and commentary and reveals the distinct generic functions of the three podcast genres This book will be of significant interest to scholars and students in podcast studies fan studies cultural studies and literary studies who are interested in fan podcasts podcast genre analysis and ways of close reading podcasts as texts **Teaching Technology in Libraries** Carol Smallwood,Lura Sanborn,2017-02-06 Libraries are charged with fostering new skills and capabilities a challenging task in an era of rapid technological change Developing new ways of teaching and learning within budget and time constraints is the key to keeping up to date Written by librarians this collection of new essays describes an array of technology outreach and instruction programs from the theoretical to the practical for public academic and school libraries based on case studies and discussions of methodology Content includes out of the box lessons outreach successes and technology instruction programs applicable to patrons and staff at public academic and school libraries
