CC Sabathia Therese M. Shea, 2010-08-01 Presents insights into CC Sabathia's life including his inspirations, rise to stardom and achievements [Save Baseball](#) Larry Hausner, 2024-01-29 Major League Baseball has been in crisis in recent years. This book explores in detail the critical challenges facing MLB and their ramifications along with some potential solutions. Interviews with baseball insiders, players, and executives give a perspective on baseball's struggle to reinvent itself for future generations **The Ultimate New York Mets Time Machine Book** Martin Gitlin, 2021-04-01 From their ignominious 40-120 debut in 1962 to the Miracle Mets of the shocking 1969 season to the teams of Darryl Strawberry, David Wright, and Jacob deGrom, the New York Mets have in nearly sixty years become the city's other beloved baseball franchise with its fan base stretching well beyond the New York suburbs. The Mets' rich history is told in over two dozen engaging chapters celebrating the highlights as well as the low lights of baseball's most lovable team win or lose **The Business of Sports** Scott Rosner, Kenneth Shropshire, 2011-01-07 The Business of Sports, Second Edition is a comprehensive collection of readings that focus on the multibillion-dollar sports industry and the dilemmas faced by today's sports business leaders. It covers professional, Olympic, and collegiate sports and highlights the major issues that impact each of these broad areas. The Second Edition provides insight from a variety of stakeholders in the industry and covers the major business disciplines of management, marketing, finance, information technology, accounting, ethics, and law. Jozsa Jr., 2016-10-07 This book analyzes and highlights the development and success of major league baseball teams in the National League and the American League, focusing on each team's performance in seasons and postseasons and to what extent each succeeded as a business enterprise despite competition for market share from other types of entertainment. The book discusses historical and financial information about the 30 major league franchises. Each chapter contains two core themes: Team Performances and Franchise Business. The former highlights which and how teams won division and league championships and World Series, while the latter lists and compares financial data, including their revenue, gate receipts, and operating income, and describes interesting business topics. Each chapter also provides an overview of when each franchise organized and why it joined MLB, a brief profile of its current majority owner or ownership group, records of teams' special coaches and players' attendances at home games, and how their ballparks rank as a venue for fans. Baseball Business explains why particular teams located in large, mid-sized, or small markets win more games and titles than others and when and how frequently that occurs. Furthermore, it provides ways to compare franchises' financial success individually by division and by league. By linking and comparing the historical performances of MLB teams to
