Claim:
<u>There are different aquatic systems with diverse organisms.</u>

Evidence	Reasoning/Justification
<u>Aquatic ecosystems have abiotic - temp, light, salinity, depth</u>	<u>Different organisms can tolerate different factors</u>
<u>Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both</u>	<u>Bull sharks and manatees are very different, but tolerate same conditions</u>
<u>Depth reduces light and increases pressure. Organisms deal with this differently.</u>	<u>Many types of adaptations exist to survive in these conditions</u>
<u>The geography of an aquatic environment can determine the life forms present.</u>	<u>Continental shelf gets lots of light, so there's many living things. Not so in the abyss.</u>
<u>Photosynthesis takes place in the neritic zone.</u>	<u>It is the most productive area of the ocean. Plankton are base of food chain.</u>
<u>Metabolism is affected by temp. Many species are cold-blooded.</u>	<u>Organisms can migrate or must have adaptations to survive.</u>

SF Writer John J. Ruskiewicz, Maxine Hairston, Daniel E. Seward, 1999 With SF Writer 2 e the authors did more than offer a revision they created a new kind of handbook SF Writer 2 e takes the writer in its title seriously From its opening paragraph to its concluding almanac the handbook examines the writing process today from the perspective of writers young and old learning new roles and reaching new audiences The style of SF Writer is energetic and witty the advice fresh and contemporary the design ground breaking Almost every major element of SF Writer is new or significantly revised beginning with an organization that removes the barriers between writing and research While most handbooks put the chapters on research in back of the book SF Writer locates these essential strategies up front in Part II Thinking and Research This new arrangement helps writers appreciate better the connection between college research and other essential activities such as Reading Critically and Writing Persuasively also examined in Part II Equally fresh is Part I Working as a Writer which presents writing as a dynamic activity grounded in practical choices and familiar genres Writer also includes an innovative chapter on Evaluating Writing No other handbook in SF Writer s field covers this sensitive but important topic SF Writer breaks new ground too in expanding its coverage of document design and writing for the Web A full section is now devoted to these subjects featuring fresh material and rich illustrations Uniquely SF Writer treats the design of print and electronic documents as a process like writing itself SF Writer embodies these design principals in a volume full of carefully chosen images and photographs from section dividers that showcase the work of writers to an almanac featuring timelines of notable texts and authors It s not an accident that SF Writer looks exceptionally fresh and contemporary In this edition the media is part of the message Yet SF Writer doesn t forget its responsibilities as a guide to grammar mechanics usage and documentation Its coverage in these areas is unsurpassed Yet even here new themes are sounded For example the model MLA paper is by a student teacher wrestling with a state mandate for competency testing undergraduate research in psychology So both papers demonstrate that undergraduates today really can do serious work as writers and reach live audiences

Guidelines for Writers Judith Dupras Stanford, 1993 GUIDELINES FOR WRITERS is a comprehensive rhetoric reader handbook that offers instruction readings and practical applications for inexperienced writers at the developmental and freshman composition levels The writing instruction in the first four chapters integrates the importance of reading and shows students how to become active readers and how to respond in writing in accordance to a variety of purposes Students are shown how to apply criteria which allow them to make informed judgments to identify and evaluate similarities and differences and how to write persuasively A wide variety of student examples and cross curricular examples are provided throughout the rhetoric section The apparatus for the anthology follows the organization of the

rhetoric section Each essay features assignments asking students to respond evaluate compare and argue At the end of each thematic section are assignments for longer papers and topics for research There are five appendices offering easy to use guidance on proofreading and editing grammar and mechanics taking essay exams doing research and documenting sources

Writing Research Papers Across the Curriculum Susan M. Hubbuch,1996 Designed as a self contained guide this clear and efficient handbook takes students through the steps and strategies of writing research papers in many disciplines It introduces two documentation styles for the humanities and two for the social and natural sciences giving instructors tremendous flexibility in adapting the guide to discipline specific assignments Set apart by its appreciation of the experiences of real people undertaking research this substantially revised fourth edition also focuses on the critical thinking processes essential to research and writing The new edition is written in a personal sensible first person voice that speaks directly to students
