Auflage 2019 Dumont Reiseverlag Unser Special Tipp Erstellen Sie Ihren persönlichen Reiseplan durch das Setzen von Lesezeichen und Ergänzungen von Notizen und durchsuchen Sie das E Book in Sekundenschnelle mit der praktischen Volltextsuche

The Encyclopedia of Civil Liberties in America David Schultz, John R. Vile, 2015-04-10 Driven by the growing reality of international terrorism the threats to civil liberties and individual rights in America are greater today than at any time since the McCarthy era in the 1950s At this critical time when individual freedoms are being weighed against the need for increased security this exhaustive three volume set provides the most detailed coverage of contemporary and historical issues relating to basic rights covered in the United States Constitution The Encyclopedia of Civil Liberties in America examines the history and hotly contested debates surrounding the concept and practice of civil liberties It provides detailed history of court cases events Constitutional amendments and rights personalities and themes that have had an impact on our freedoms in America The Encyclopedia appraises the state of civil liberties in America today and examines growing concerns over the limiting of personal freedoms for the common good Complete with selected relevant documents and a chronology of civil liberties developments and arranged in A-Z format with multiple indexes for quick reference The Encyclopedia of Civil Liberties in America includes in depth coverage of freedom of speech religion press and assembly as outlined in the first amendment protection against unreasonable search and seizure as outlined in the fourth amendment criminal due process rights as outlined in the fifth sixth seventh and eighth amendments property rights economic liberties and other rights found within the text of the United States Constitution Supreme Court justices presidents and other personalities focusing specifically on their contributions to or effect on civil liberties concepts themes and events related to civil liberties both practical and theoretical court cases and their impact on civil liberties

How Canadians Communicate V David Taras, Christopher Waddell, 2016-03-15 Fewer Canadians than ever are lacing up skates swimming lengths at the pool practicing their curve ball and experiencing the thrill of competition However despite a decline in active participation Canadians spend enormous amounts of time and money on sports as fans and followers of sporting events and sports culture Never has media coverage of sports been more exhaustive

and never has it been more driven by commercial interests and the need to fuel consumerism on which corporate profits depend But the power plays now occurring in the arena of sports are by no means solely a matter of money At issue as well in the media capture of sports are the values that inform our daily lives the physical and emotional health of the population and the symbols so long central to a sense of Canadian identity Writing from a variety of perspectives the contributors to this collection set out to explore the impact of the media on our reception of and attitudes toward sports to unpack the meanings that sports have for us as citizens and consumers Some contributors probe the function of sports as spectacle the escalation of violence controversies over drug use and the media's coverage of tragic deaths while others shed light on the way in which the media serve to transform sports into a vehicle for the expression of identity and nationalism The goal is not to score points but to prompt critical discussion of why sports matter in Canadian life and culture and how they contribute to the construction of identity

Why Sunday Matters Joshua J. Whitfield, 2024-10-17 For centuries Christians have gathered for worship and for rest on Sunday But does that ancient practice still matter Still deeply engrained in both the Christian and secular calendar nonetheless what Sunday is and why it matters is no longer clear *Why Sunday Matters* explores the forgotten reasons why Sunday is essential to Christian life It also uncovers some of the contemporary obstacles keeping people from living Sunday faithfully From youth sports to our neglect of the poor to our addiction to technology *Why Sunday Matters* takes a wide ranging look at the importance of the Lord's Day and why it's urgent we recover the Christian practice of Sunday

Arts & Humanities Citation Index, 2000

The Preferential Option for the Poor beyond Theology Daniel G. Groody, Gustavo A. Gutiérrez, 2016-10-15 Since the 1973 publication of Gustavo Gutiérrez's groundbreaking work *A Theology of Liberation* liberation theology's central premise of the preferential option for the poor has become one of the most important yet controversial theological themes of the twentieth century As the situation for many of the world's poor worsens it becomes ever more important to ensure that the option for the poor remains not only a vibrant theological concept but also a practical framework for living out the gift and challenge of Christian faith *The Preferential Option for the Poor beyond Theology* draws on a diverse group of contributors to explore how disciplines as varied as law economics politics the environment science liberal arts film and education can help us understand putting a commitment to the option for the poor into practice The central focus of the book revolves around the question How can one live a Christian life in a world of destitution The contributors address the theological concept of the option for the poor as well as the ways it can shape our social economic political educational and environmental approaches to poverty Their creative examples serve as an inspiration to all those who are seeking to put their talents at the service of human need and the building of a more just and humane world

Le futur. Six logiciels pour changer le monde Al Gore, 2013-11-25T00:00:00+01:00 Dans cet ouvrage qui fait suite au bestseller mondial *Une Vrité qui change* Al Gore ancien vice président de Bill Clinton et candidat démocrate aux élections de 2000 face George W Bush nous dévoile son logiciel pour changer le monde Un modèle radicalement nouveau

et réaliste En chemin il nous entraîne dans les méandres du pouvoir économique et politique où se affrontent les forces du monde en devenir et où doit merger une véritable conscience mondiale écologiste et humaniste
