Harrington, John McCaskill Jr.**

Reddit Facebook Near Me:

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple **You Should Quit Reddit** is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit's flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

Digital Literature and Critical Theory Annika Elstermann, 2022-12-27 The aim at the core of this book is a synthesis of increasingly popular and culturally significant forms of digital literature on the one hand and established literary and critical theory on the other reading digital texts through the lens of canonical theory but also reading this more traditional theory through the lens of digital texts and related media In a field which has often regarded the digital as apart from traditional literature and theory this book highlights continuities in order to analyse digital literature as part of a longer literary tradition Using examples from social media to video games and works particularly by postmodern and poststructuralist theorists **Digital Literature and Critical Theory** contextualises digital forms among their analogue precursors and traces ongoing social developments which find expression in these cultural phenomena including power dynamics between authors and readers the individual in post modernity consumerism and the potential for intersubjective exchange Chapter 1 and Chapter 3 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Handbook on Gender and Digital Media Dustin Harp, Ingrid Bachmann, Jaime Loke, 2025-09-10 This timely Handbook explores the intersection between gender and digital media examining how virtual platforms both challenge and reinforce traditional gender norms and inequalities Taking an interdisciplinary approach it reflects on key issues such as

gendered digital labor self expression and intersectionality in cyberspaces Digital Me Z Nicolazzo, Alden C. Jones, Sy Simms, 2022-12-09 The internet is where trans people have come to become Creating an identity in digital space can be important for how trans people learn about themselves their communities and the possibilities available to them While the internet and digital space is not the only way of coming to understand oneself in a community it is a space of liberatory possibility and creativity There is room to invent what may not yet exist for gender on the edges of what many consider to be real For many digital life can be the site of play joy and connection even while the internet is not a harm free space nor universally available This book seeks to understand the complexities at play in the digital realm and the implications that have for gender digital life and higher education **Bearing Witness While Black** Allissa V. Richardson, 2020 Bearing Witness While Black tells the story of this century's most powerful Black social movement through the eyes of 15 activists who documented it At the height of the Black Lives Matter uprisings African Americans filmed and tweeted evidence of fatal police encounters in dozens of US cities using little more than the device in their pockets Their urgent dispatches from the frontlines spurred a global debate on excessive police force which claimed the lives of African American men women and children at disproportionate rates This groundbreaking book reveals how the perfect storm of smartphones social media and social justice empowered Black activists to create their own news outlets which continued a centuries long African American tradition of using the news to challenge racism Bearing Witness While Black is the first book of its kind to identify three overlapping eras of domestic terror against African American people slavery lynching and police brutality and explain how storytellers during each period documented its atrocities through journalism What results is a stunning genealogy of how the slave narratives of the 1700s inspired the Abolitionist movement how the black newspapers of the 1800s galvanized the anti lynching and Civil Rights movements and how the smartphones of today have powered the anti police brutality movement This lineage of black witnessing Allissa V Richardson argues is formidable and forever evolving Richardson's own activism as an award winning pioneer of smartphone journalism informs this text Weaving in personal accounts of her teaching in the US and Africa and of her own brushes with police brutality Richardson shares how she has inspired black youth to use mobile devices to speak up from the margins It is from this vantage point as participant observer that she urges us not to become numb to the tragic imagery that African Americans have documented Instead Bearing Witness While Black conveys a crucial need to protect our right to look into the forbidden space of violence against black bodies and to continue to regard the smartphone as an instrument of moral suasion and social change **Rheumatic immune-related adverse events, An Issue of Rheumatic Disease Clinics of North America** Alexa Simon Meara, David Liew, 2024-04-29 In this issue of Rheumatic Disease Clinics guest editors Drs Alexa Simon Meara and David Liew bring their considerable expertise to the topic of Rheumatic Immune Related Adverse Events Immune checkpoint inhibitors sometimes cause rheumatic disease like symptoms or rheumatic immune related adverse events irAEs In this issue top experts discuss the utility of laboratory

investigations for rheumatic irAEs the future of biomarkers in rheumatic irAEs integrating rheumatic irAE research and care into an oncological milieu patient voices in rheumatic irAE care and research polymyalgia rheumatica irAEs inflammatory arthritis irAEs current approaches to management and more Contains 15 relevant practice oriented topics including myositis irAEs sicca symptom irAEs de novo connective tissue disorders as irAEs imaging in rheumatic irAEs combining biologic DMARDs with immune checkpoint inhibitors the impact of DMARDs and glucocorticoids on cancer response to immune checkpoint inhibitors and more Provides in depth clinical reviews on rheumatic immune related adverse events offering actionable insights for clinical practice Presents the latest information on this timely focused topic under the leadership of experienced editors in the field Authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews

Antisocial Andrew Marantz,2019-10-08 Trenchant and intelligent The New York Times As seen heard on NPR New Yorker Radio Hour The New York Book Review Podcast PBS Newshour CNBC and more A New York Times Book Review Editors Choice A New York Times Notable Book of 2019 From a rising star at The New Yorker a deeply immersive chronicle of how the optimistic entrepreneurs of Silicon Valley set out to create a free and democratic internet and how the cynical propagandists of the alt right exploited that freedom to propel the extreme into the mainstream For several years Andrew Marantz a New Yorker staff writer has been embedded in two worlds The first is the world of social media entrepreneurs who acting out of na vete and reckless ambition upended all traditional means of receiving and transmitting information The second is the world of the people he calls the gate crashers the conspiracists white supremacists and nihilist trolls who have become experts at using social media to advance their corrosive agenda Antisocial ranges broadly from the first mass printed books to the trending hashtags of the present from secret gatherings of neo Fascists to the White House press briefing room and traces how the unthinkable becomes thinkable and then how it becomes reality Combining the keen narrative detail of Bill Buford s Among the Thugs and the sweep of George Packer s The Unwinding Antisocial reveals how the boundaries between technology media and politics have been erased resulting in a deeply broken informational landscape the landscape in which we all now live Marantz shows how alienated young people are led down the rabbit hole of online radicalization and how fringe ideas spread from anonymous corners of social media to cable TV to the President s Twitter feed Marantz also sits

with the creators of social media as they start to reckon with the forces they've unleashed. Will they be able to solve the communication crisis they helped bring about or are their interventions too little too late?

Invisible Rulers Renée DiResta, 2024-06-11 An essential and riveting Jonathan Haidt account of the small communities of propagandists revolutionizing politics, culture, and society. *Invisible Rulers* is about a profound transformation in power and influence that is altering our politics, our local government, and even our relationships with friends and neighbors. Today, small communities of propagandists increasingly shape public opinion and even control our relationship to the truth. Our shared reality has splintered into discrete, bespoke realities driven by algorithms, influencers, and curated content. Very little can bridge the divide, thereby making democratic consensus nearly impossible to achieve. Renée DiResta exposes how these propagandists and their followers undermine the institutions that make society work, from anti-vaccine zealots who flood social media with fringe viewpoints to influencers who use AI-generated images to manipulate our perception of reality. She also provides readers with a new conception of civics that helps us understand and fight back against these new invisible rulers.

The Dark Social Tojia Cinque, Alexia Maddox, Robert W. Gehl, 2023-11-07 This book explores how people interact online through anonymous communication in encrypted, hidden, or otherwise obscured online spaces. Beyond the Dark Web itself, this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life. The authors take into account technical, moral, ethical, and pragmatic responses to ourselves and communities seeking to belong in the dark. *Scholarship on the Darknet and Dark Social Spaces* tends to focus on the uses of encryption and other privacy-enhancing technologies to engender resistance acts. Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter, they must appear in the public light. They are also in tension with popular narratives of the dark recesses of the web, which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web. The binary of dark versus light is challenged in this book. The authors' provocation is that practices of dark resistance, motility, and power are enacted by emerging data cultures. This book draws together scholarship, activism, and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies. *The Dark Social: Online Practices of Resistance, Motility, and Power* will be a key resource for academics, researchers, and advanced students of media studies, cultural studies, communication studies, research methods, and sociology. This book was originally published as a special issue of *Continuum: Journal of Media Cultural Studies*.

The Perils of Posting Paul Douglas Foote, James R. Harrington, John McCaskill Jr., 2019-11-21 In recent years, there has been an increase of public employees being fired for inappropriate behavior on social media. This research explores social media conduct of public employees that have been adjudicated through the federal and state court systems. The arguments of these cases are based upon the question of an employee's first amendment rights versus the rights of the employer to maintain a desired work environment. The research found that

widespread negative publicity disruption of close working relationships inappropriate and offensive employees comments led to favorable outcomes for the public employers In contrast when an employee posts on social media while off duty as a private citizen the employer has not cited any disruption and the comments are not personal attacks against employers but have substantial public concerns led to positive outcomes for the public employee **WordPress All-in-One For Dummies**

Lisa Sabin-Wilson,2024-02-06 The no nonsense guide to building your own WordPress site With the help of WordPress All in One For Dummies you can get your first WordPress blog or website set up in no time Fully updated for the latest WordPress releases this 8 books in 1 guide walks you through all the features of this powerful web builder You ll discover how to choose and customize a theme pick the perfect web host and URL and manage multiple websites with multiple authors Use WordPress as a content management software CMS platform work with multimedia formats and add plugins to your site With state of the art features WordPress has become the go to platform for website owners and bloggers who want to be noticed This beginner friendly Dummies guide gives you the know how to make WordPress work for you Build a website or blog with WordPress the leading open source web builder Discover the powerful customizable features of the latest versions of WordPress Allow multiple people to contribute to your site and keep your content organized Easily make changes and modifications with the WordPress interface Both WordPress novices and more experienced users looking to dive into new features will love the easy to follow instructions and tips in WordPress All in One For Dummies Dr. Bot Charlotte

Blease,2025-09-09 How does AI compare to a doctor when it comes to saving lives Doctors are under resourced and face unprecedented levels of stress with rising patient numbers and ever developing medical knowledge But at the same time they are all too human prone to racial class and social biases that affect the care patients receive Can we improve patient experience and alleviate the burdens of doctors at the same time In this groundbreaking study Charlotte Blease reveals how AI if handled with care could emerge as the most reliable physician in history Drawing on interviews with authorities in AI doctors and patients Blease shows how technology despite some resistance is already making a difference From diagnosis and second opinions to treatment and aftercare AI has the potential to revolutionise our healthcare **Data Capital** Chunlei Tang,2021-01-31 This book defines and develops the concept of data capital Using an interdisciplinary perspective this book focuses on the key features of the data economy systematically presenting the economic aspects of data science The book 1 introduces an alternative interpretation on economists observation of which capital has changed radically since the twentieth century 2 elaborates on the composition of data capital and it as a factor of production 3 describes morphological changes in data capital that influence its accumulation and circulation 4 explains the rise of data capital as an underappreciated cause of phenomena from data sovereign economic inequality to stagnating productivity 5 discusses hopes and challenges for industrial circles the government and academia when an intangible wealth brought by data and information or knowledge as well 6 proposes the development of criteria for measuring regulating data capital in the twenty first century for regulatory

purposes by looking at the prospects for data capital and possible impact on future society Providing the first a thorough introduction to the theory of data as capital this book will be useful for those studying economics data science and business as well as those in the financial industry who own control or wish to work with data resources **Global Perspectives on Health Communication in the Age of Social Media** Sekalala, Seif,Niezgoda, Brandon C.,2018-02-09 Numerous studies suggest that people with a variety of health concerns are increasingly turning to online networks for social support As a result the number of online support communities has risen over the past two decades Global Perspectives on Health Communication in the Age of Social Media is a critical scholarly resource that examines the illness and pain and suffering narrative of health communication Featuring coverage on a broad range of topics such as social networks patient empowerment and e health this book is geared towards professionals and researchers in health informatics as well as students practitioners clinicians and academics

The SAGE Handbook of Social Media Marketing Annmarie Hanlon,Tracy L. Tuten,2022-06-16 Social media marketing has become indispensable for marketers who utilize social media to achieve marketing objectives ranging from customer care to advertising to commerce This Handbook explores the foundations and methodologies in analysing the important aspects of social media for organisations and consumers It investigates critical areas concerning communities culture communication and content and considers social media sales This Handbook brings together the critical factors in social media marketing as the essential reference set for researchers in this area of continued growth It is essential reading for postgraduate students researchers and practitioners in a range of disciplines exploring the area Part 1 Foundations of Social Media Marketing Part 2 Methodologies and Theories in Social Media Part 3 Channels and Platforms in Social Media Part 4 Tools Tactics and Techniques in Social Media Marketing Part 5 Management and Metrics in Social Media Part 6 Ethical Issues in Social Media **Because Internet** Gretchen McCulloch,2019-08-29 THE ACCLAIMED NEW YORK TIMES BESTSELLER Have you ever puzzled over how to punctuate a text message Wondered where memes came from Fret no more Because Internet is the perfect book for understanding how the internet is changing the English language why that s a good thing and what our online interactions reveal about who we are McCulloch is such a disarming writer lucid friendly unequivocally excited about her subject that I began to marvel at the flexibility of the online language she describes with its numerous shades of subtlety New York Times **Gaming Democracy** Adrienne L. Massanari,2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities

and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism *Lurking* Joanne McNeil,2020-02-25

One of Esquire s Best Books to Elevate Your Reading List in 2020 and a OneZero Best Tech Book of 2020 Named one of the 100 Notable books of 2020 by the End of the World Review A concise but wide ranging personal history of the internet from for the first time the point of view of the user In a shockingly short amount of time the internet has bound people around the world together and torn us apart and changed not just the way we communicate but who we are and who we can be It has created a new unprecedented cultural space that we are all a part of even if we don t participate that is how we participate but by which we re continually surprised betrayed enriched befuddled We have churned through platforms and technologies and in turn been churned by them And yet the internet is us and always has been In *Lurking* Joanne McNeil digs deep and identifies the primary if sometimes contradictory concerns of people online searching safety privacy identity community anonymity and visibility She charts what it is that brought people online and what keeps us here even as the social equations of digital life what we re made to trade knowingly or otherwise for the benefits of the internet have shifted radically beneath us It is a story we are accustomed to hearing as tales of entrepreneurs and visionaries and dynamic and powerful corporations but there is a more profound intimate story that hasn t yet been told Long one of the most incisive ferociously intelligent and widely respected cultural critics online McNeil here establishes a singular vision of who we are now tells the stories of how we became us and helps us start to figure out what we do now **The Complete Guide to Article Writing**

Reddit Facebook Near Me Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reddit Facebook Near Me has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reddit Facebook Near Me has opened up a world of possibilities. Downloading Reddit Facebook Near Me provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reddit Facebook Near Me has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reddit Facebook Near Me. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reddit Facebook Near Me. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reddit Facebook Near Me, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and

validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reddit Facebook Near Me has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reddit Facebook Near Me Books

1. Where can I buy Reddit Facebook Near Me books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reddit Facebook Near Me book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
