Special Edition Using Mac OS X, V10.3 Panther Brad Miser, 2004 The Panther release of Mac OS X continues the development of the Macintosh operating system Mac OS X has become the dominant OS on the Macintosh platform and is currently the default OS on all new Macintosh computers Mac OS X is a complex and powerful operating

system for which no documentation is provided by Apple outside of the Apple Help system which contains very limited information. Special Edition Using Mac OS X Panther provides the in depth wide ranging coverage that enables Mac users to get the most out of the operating system and included tools. This book explains how to get the most out of the core OS including the Finder desktop and system customization. The book also shows readers how to use OS X's Internet applications for email, Web surfing and Mac for publishing content on the Net. One of the book's major strengths is the extensive coverage of iTunes, iPhoto, iDVD and iMovie. QuickTime and QuickTime Pro are also covered. The book helps readers understand and configure the technologies to expand their systems.
