Casarett,2010-01-12 Palliative care physician Dr David Casarett considers the medical options terminal patients face at the end of life in this thoughtful and illuminating guide to last acts What would you do if you had only a few days to live Or a few weeks or months What if a loved one were in this situation how could you help that person decide how to spend the time that remained Perhaps you lost a family member or dear friend to a terminal illness and were baffled by that person s choices How do you make sense of his or her last acts Dr David Casarett a palliative care physician and researcher specializes in the care of patients near the end of life Drawing on
