 Globalization is one of the most significant developments of our time But what distinguishes the present era from golden  
 periods of empire building in past Which elements of contemporary globalization and forms of autonomy are particularly  
 novel and which are merely continuations of long standing historical trends To address these questions Empires and  
 Autonomy brings together a distinguished group of scholars who explore particular historical moments that involved either  
 the establishment or protection of autonomy These global encounters inevitably involved friction and the contributors  
 examine the dialectic between globalization and autonomy at historical junctures that range in time from the Chinese  
 occupation of Tibet in 1720 to the meeting between Ronald Reagan and Mikhail Gorbachev in 1986 that led to the end of the  
 Cold War By examining these uniquely telling moments in the history of globalization and autonomy this innovative collection  
 provides novel insights into changes that are overtaking our contemporary world      *The Unofficial Guide to Windows XP*
