The Angle of Falling Light Beverly Gologorsky, 2025-08-12 Gologorsky returns to the settings of her previous books: the American working class of Long Island and the Bronx, where the last two generations of Americans have been scarred by the legacy of foreign wars and the addictions left in their wake. In *The Angle of Falling Light*, the protagonist Tessa has no model close to her for the kind of life she'd like to lead. Her sister Marla starts using drugs, following the lead of their uncle Hack, who softens his days with alcohol and weed. Her stepfather Scotty is a vet struggling with depression. Her mom Nina takes refuge with a new lover, and Tess too finds safety in a new relationship, if not the direction she so desperately seeks. *The Angle of Falling Light* is a book with a big cast of troubled innocents, everyone looking for a way forward, a lesson in how to give love while still putting yourself first, one of the most difficult of life's challenges. As Gologorsky has it, some will lose this battle while others will at least survive it.
