Cantrell,2007-11 The success or failure of any family business depends in part on the industry specific expertise of the owners and in part on the financial guidance of trusted professionals Business owners seeking direction as well as financial professionals attempting to provide this guidance find themselves facing a daunting task Financial issues that impact family businesses are quite diverse and require different strategies depending upon the stage of each business start up operational and exit

Inherited Wealth Jens Beckert,2018-06-05 How to regulate the transfer of wealth from one generation to the next has been hotly debated among politicians legal scholars sociologists economists and philosophers for centuries Bequeathing

wealth is a vital ingredient of family solidarity But does the reproduction of social inequality through inheritance square with the principle of equal opportunity Does democracy suffer when family wealth becomes political power The first in depth comparative study of the development of inheritance law in the United States France and Germany *Inherited Wealth* investigates longstanding political and intellectual debates over inheritance laws and explains why these laws still differ so greatly among these countries Using a sociological perspective Jens Beckert sheds light on the four most controversial issues in inheritance law during the past two centuries the freedom to dispose of one's property as one wishes the rights of family members to the wealth bequeathed the dissolution of entails which restrict inheritance to specific classes of heirs and estate taxation Beckert shows that while the United States France and Germany have all long defended inheritance rights based on the notion of individual property rights they have justified limitations on inheritance rights in profoundly different ways reflecting culturally specific ways of understanding the problems of inherited wealth
