Tax Transfer Pricing Andrea Musselli, 2022-09-15T00:00:00+02:00 The book pays attention to the tax treatment of transfer pricing in a single perspective of analysis since the most important principles the arm s length ALP i e conditions that independent parties would share and the sale country are agreed worldwide They must be applied in the same way regardless of the economic sector or industry A country survey overlooks the most important issue of the fiscal problem that is the ability to project a unitary policy in compliance with the ALP or with the sale country principle and that should be audited by one sole only theoretically existing tax authority The practical part and examples disclose how rules should be have been applied how legal proceedings can arise arose regarding their application how they were decided if litigation truly occurred and finally the author s motivated opinion with special focus on which is the breaking point of a specific analysis The term breaking point is used to explain which can be the factual and or the interpretative change that is able to modify such analysis and thus the solution Extract from the preface of prof Reuven Avi Yonah this book is a must read for any serious student of the topic and an important contribution to understanding how the ALP is applied today as well as to how it should be applied It is an invaluable contribution and should be read widely by both tax lawyers and accountants and by tax policy makers

Imagine a Door Laura Stanfill, 2025-04-01 Foreword by Beth Kephart author of Handling the Truth Imagine a Door intersperses craft insights case studies and checklists with personal stories about publishing and the emotional complexities of sending your work into the world Is a writing routine worthwhile How do you pinpoint the why behind your storytelling and use it to improve your manuscript What makes a query letter stand out What exactly is distribution Does success mean selling a certain number of books or can we reframe our expectations in a less capitalistic way While prioritizing genuine community over platform building Laura Stanfill publisher of Forest Avenue Press and author of Singing Lessons for the Stylish Canary explores these questions from both sides of the desk She peppers her material with original interviews with authors Omar El Akkad Fonda

Financial Dimensions of Marketing Decisions David W. Stewart, 2019-05-04 This book is about linking marketing activities and outcomes to the financial performance of the organization The theme of the book is that the marketing function must justify its activities and use of resources in terms of its financial contributions to the firm More specifically the book focuses on how marketing activities generate cash flow growth and other financial benefits for the organization This perspective provides a framework for long term investments for purposes of evaluating and ranking the funding of proposed projects

Beyond Earnings David A. Holland, Bryant A. Matthews, 2017-12-04 Beyond Earnings is targeted at investors financial professionals and students who want to improve their ability to analyze financial statements forecast cash flows and ultimately value a company The authors demonstrate that reported earnings are easily gamed by accounting shenanigans and reveal how commonly used profitability measures such as return on equity can be misleading Because earnings and P E ratios are too unreliable for valuation this book takes you beyond earnings and shows you how to apply the HOLT CFROI and Economic Profit framework in a step by step manner A better measure of profitability results in improved capital allocation decisions and fundamental valuations This ground breaking book offers the first practical in depth discussion of how profitability and growth fade and shows how to put this information to work right away The authors introduce their trailblazing Fundamental Pricing Model which includes fade as an adjustable value driver and can be used to value the impact of business model disruption As the authors explain the key to superior stock picking is understanding the expectations embedded in a stock's price and having a clear view of whether the company can beat those expectations The HOLT framework has been rigorously field tested for over 40 years by global investment professionals to help them make better stock picks and by corporate managers to understand the expectations embedded in their stock price Beyond Earnings is an indispensable guide for investors who want to improve their odds of outperforming the competition
