The Coming Singularity Gary A. Freitas,2022-08-31 As we approach 2050 it is projected that human consciousness will encounter a superior intelligence for the very first time artificial machine intelligence It is important for us to understand the evolutionary impact of this event but also that we are being altered from the inside out for the singularity to arise Are we ready Will we be adaptive How will we change The Coming Singularity explores the psychological impact of the changes coming our way and the many adaptations we will have to make We are transitioning to a world of one degree of separation with only the illusion of privacy autonomy and anonymity All of us are undergoing a transition to an electronic identity one that can reach back and change the real you The question going forward will be who is the real you A cluster of psychological symptoms are evolving from our technology interface Identity Diffusion Its key feature is the de realization of life Direct brain to technology interfaces will soon render our brains an open source forum We need to discuss who is in there and why The impact of e technology on human identity will be profound but it is also a prerequisite for machine intelligence to arise We need to discuss this We humans reside in complex dynamical networks The goal of artificial intelligence will be to evolve and stabilize these networks And we may not be the priority

Dressing the Resistance Camille Benda,2021-11-06 Dressing the Resistance is a celebration of how we use clothing fashion and costume to ignite activism and spur social change Weaving together historical and current protest movements across the globe Dressing the Resistance explores how everyday people

and the societies they live in harness the visual power of dress to fight for radical change American suffragettes made and wore dresses from old newspapers printed with voting slogans Male farmers in rural India wore their wives saris while staging sit ins on railroad tracks against government neglect Costume designer and dress historian Camille Benda analyzes cultural movements and the clothes that defined them through nearly 200 archival images photographs and paintings that bring each event to life from ancient Roman rebellions to the MeToo movement from twentieth century punk subcultures to Black Lives Matter marches
