I personally want to note the excellent work of Natalia and Marina specialists. I have applied several times with a request to place scripts on my site servipintura.com in certain places and links. Everything was done within 48 hours. A very personalized approach to me as a client. I recommend it to anyone who needs additional tools for their page on the Internet

The Fight for Privacy Danielle Keats Citron,2022-10-06 Devastating and urgent this book could not be more timely Caroline Criado Perez award winning and bestselling author of *Invisible Women* Danielle Citron takes the conversation about technology and privacy out of the boardrooms and op eds to reach readers where we are in our bathrooms and bedrooms with our families and our lovers in all the parts of our lives we assume are untouchable and shows us that privacy as we think we know it is largely already gone The boundary that once protected our intimate lives from outside interests is an artefact of the twentieth century In the twenty first we have embraced a vast array of technology that enables constant access and surveillance of the most private aspects of our lives From non consensual pornography to online extortion to the sale of our data for profit we are vulnerable to abuse and our laws have failed miserably to keep up With vivid examples drawn from interviews with victims activists and lawmakers from around the world *The Fight for Privacy* reveals the threat we face and argues urgently and forcefully for a reassessment of privacy as a human right As a legal scholar and expert Danielle Citron is the perfect person to show us the way to a happier better protected future

The Interface between Competition Law and Data Privacy Law Arletta Gorecka,2024-10-24 This book assesses the extent to which the current EU competition law framework can incorporate privacy related theories of harm Specifically it evaluates the importance of protecting individual privacy in establishing exploitative abuse of dominance under Article 102 TFEU The book explores scenarios where Big Tech firms exploit their dominant positions through excessive data collection or limiting consumer choice thereby harming competition and directly affecting user well being It posits that zero priced business models of online platforms and the ubiquity of data generation create strong incentives to acquire and process consumer data which can harm digital consumers privacy The book assesses how the existing EU competition law framework can address and regulate exploitative abuses particularly concerning the protection of individuals privacy Importantly this book argues that competition law might recognize privacy related harms as forming exploitative theories of harm under Article 102 TFEU Article 102 TFEU offers flexibility and can be applied to a broader range of unfair practices Article 102 TFEU emphasizes enhanced transparency and predictability aiming to prevent abuses of dominant positions that could undermine healthy competition to the detriment of consumers and other market participants This book provides a comprehensive analysis of how the existing EU competition law framework can address the evolving challenges at the intersection of competition and privacy ultimately seeking to protect consumer welfare and ensure fair competition in the digital economy

New Media and Freedom of Expression András Koltay,2019-07-25 The principles of freedom of expression have been

developed over centuries How are they reserved and passed on How can large internet gatekeepers be required to respect freedom of expression and to contribute actively to a diverse and plural marketplace of ideas These are key issues for media regulation and will remain so for the foreseeable decades The book starts with the foundations of freedom of expression and freedom of the press and then goes on to explore the general issues concerning the regulation of the internet as a specific medium It then turns to analysing the legal issues relating to the three most important gatekeepers whose operations directly affect freedom of expression ISPs search engines and social media platforms Finally it summarises the potential future regulatory and media policy directions The book takes a comparative legal approach focusing primarily on English and American regulations case law and jurisprudential debates but it also details the relevant international developments Council of Europe European Union as well as the jurisprudence of the European Court of Human Rights **West Virginia Law**
