Why Do the Heathen Rage? Ayodeji Awe,2020-10-06 Why do the Heathen Rage is a perplexity that presents a melting pot of the supernatural and the natural Regarding this monumental collision of Donald Trump and the Left the celestial teleprompter displays the central insight that whenever the son of man sights the serpent he goes after its head while the serpent in return pursues his heels It s a dog fight The God factor in Trump coupled with the imposing octagonal causation of hatred no doubt conspicuously prime timed him for which the Heathen the cartel of the Democrats and the Liberal Mainstream Press could not resist going after him like in a mad vengeance But God is unequivocally committed to His own agenda for which Trump is a major character He therefore zeroes his eyes on the detractors calls them out for their atrocities warns them to repent and possibly fall in line He further embraces the supporters encouraging them to keep the faith stand tall and kneel only to Almighty God They must keep up with support of the President and return him to the White House in November 2020 that the good works in progress may continue Finally He prophesies an assurance to America as a nation that He will not renege on his covenant with the Pilgrim forefathers Ultimately Coronovirus wears off the experiential peace

of God returns ushering in normalcy while America remains an icon and a place most coveted and sought on earth

Bronner, 2019-08-01 Winner of the 2020 Chicago Folklore Prize CHOICE Outstanding Academic Title for 2020 Despite predictions that commercial mass culture would displace customs of the past traditions firmly abound often characterized as folklore In The Practice of Folklore Essays toward a Theory of Tradition author Simon J Bronner works with theories of cultural practice to explain the social and psychological need for tradition in everyday life Bronner proposes a distinctive praxic perspective that will answer the pressing philosophical as well as psychological question of why people enjoy repeating themselves The significance of the keyword practice he asserts is the embodiment of a tension between repetition and variation in human behavior Thinking with practice particularly in a digital world forces redefinitions of folklore and a reorientation toward interpreting everyday life More than performance or enactment in social theory practice connects localized culture with the vernacular idea that

this is the way we do things around here Practice refers to the way those things are analyzed as part of rather than apart from theory thus inviting the study of studying The way we do things invokes the social basis of doing in practice as cultural and instrumental Building on previous studies of tradition in relation to creativity Bronner presents an overview of practice theory and the ways it might be used in folklore and folklife studies Demonstrating the application of this theory in folkloristic studies Bronner offers four provocative case studies of psychocultural meanings that arise from traditional frames of action and address issues of our times referring to the boogieman connecting wild child beliefs to school shootings deciphering the offensive chants of sports fans and explicating male bravado in bawdy singing Turning his analysis to the analysts of tradition Bronner uses practice theory to evaluate the agenda of folklorists in shaping perceptions of tradition centered folk societies such as the Amish He further unpacks the culturally based rationale of public folklore programming He interprets the evolving idea of folk museums in a digital world and assesses how the folklorists terms and actions affect how people think about tradition

The Grifter's Club Sarah Blaskey, Caitlin Ostroff, Nicholas Nehamas, Jay Weaver, 2020-08-04 Many of the world s great leaders request to come to Mar a Lago in Palm Beach They like it I like it We re comfortable Donald Trump A

bit too comfortable perhaps Donald Trump's opulent Palm Beach club Mar a Lago has thrummed with scandal since the earliest days of his presidency Long known for its famous and wealthy clientele the resort's guest list soon started filling with political operatives and power seekers Meanwhile as Trump re-branded Mar a Lago the Winter White House and began spending weekends there state business spilled out into full view of the club's members and vast sums of taxpayer money and political donations began flowing into its coffers and into the pockets of the president The Grifters Club is a breakthrough account of the corruption intrigue and absurdity that has been on display in the place where the president is at his most relaxed In these pages a team of prizewinning Miami Herald journalists reveal the activities and motivations of the strange array of charlatans and tycoons who populate its halls Some peddle influence some look to steal government secrets and some just want to soak up the feeling of unfettered access to the world's most powerful leaders With the drama of an expose and the edgy humor of a Carl Hiaasen novel The Grifters Club takes you behind the velvet ropes of this exclusive club and into its bizarre world of extravagance and scandal ____ An astonishing look inside the gilded gates of Mar a Lago the palatial resort where President Trump conducts government business with little regard for ethics security or even the law This ground breaking and shocking expose reads like a thriller Perfect for fans of Fire and Fury Team of Vipers and Fear
