Froholdt,Flemming Poulfelt,2009-12-04 Why is it that many companies meticulously following recipes on management and strategy fail Did Google Skype Ryanair Huawei and a number of other successful companies buy into a well thought out strategy and adhered to that over time How do companies deliberately opting out of the recipe game and opting into the out of the box thinking fare In short why is it that some companies achieve a higher Return on Strategy than others Whereas Return on Investment RoI has attracted increased attention over the last couple of decades little if any attention is being paid to whether companies do at all achieve Return on Strategy RoS and how This book provides an overview of contemporary strategy literature and recipes brushed up with a view to identifying explanations as to how recipes has seldom worked as intended One out of several reasons rests on the fact that recipes do not take the so called X factor into account With the X factor as the starting point the book examines a sample of 50 global companies of which some has achieved a remarkable high Return on Strategy and others failed The 50 companies covers most continents as some are from the North America some are from the European continent and others are from different parts of the emerging Asian region threatening companies from the Western hemisphere The book explains the reason behind success and failures and provides practical tools as to how companies may increase their Return on Strategy In the toolbox you will find a framework on how to increase the Return on Strategy as well a number of dynamic positioning tools road maps and bearing points Invariably more and more companies including consultants business leaders and MBAs now work diligently in order to increase their Return on Strategy and the best of them are here to stay successfully are you **Kings of the Internet** Mohammad

Bahareth,2012-04-18 What's in the Book The Internet is considered among one of those inventions of modern age which have just revolutionized the world It's most powerful information pertaining to anything and everything that we can think of can be obtained through the Internet In this book You will be introduced with the masterminds who were behind the idea of

creating a world at the back of a monitor screen From just an idea they have created technology that has brought about a difference in our lives They who made our life easier by making our day to day work just a few click away They who brought us close to our dear ones They are referred to Kings of Internet They are the ones who took the technology to common hands with the powerful tools they have invented and transformed Internet into huge market place Here we are trying to honor those Kings with few sentences on their early life their struggle the achievement they have made and their future place for us

Cyberbullying and the Wild, Wild Web J.A. Hitchcock, 2016-12-16 The world has changed drastically over the past decade The Internet has had a huge part in that as it has made the world more accessible to anyone of any age race or gender Used for entertainment education shopping dating and more the internet has provided a whole new virtual world for everyone to enjoy But with the good also comes the bad and for kids and teens these days the bad has become a constant threat from cyberbullies and cyberstalking J A Hitchcock began to have an interest in cyberstalking and cyberbullies in 1996 when she blew the whistle on a literary agency scam They stole her identity and began posting messages online pretending to be her and that was only the beginning of a barrage of threats When she contacted local police they had never had an internet related case and couldn't help her so she taught herself how to track down online criminals how to handle the situation and how to stay safer online After 10 years of being a victim her cyberstalkers were brought to justice Unfortunately not all internet crime stories end with a happy ending Really anyone of any age can become the target of a cyberbully And quite honestly victims are getting younger and younger every year when it comes to being cyberbullied Throughout *Cyberbullying and the Wild Wild Web* Hitchcock explains how someone can become victim to cyberbullying and how they can stay safer online Offering victims and parents the chance to be able to relate to and truly understand the unfortunate reality of cyberbullying through real life examples of what happened to someone who had been through a similar situation For much needed practical advice from an expert who truly understands the threat of cybercrime this is a must have resource to combat the ever growing problem of internet crime in our society *The Contrarian* Max

Chafkin, 2021-09-21 A biography of venture capitalist and entrepreneur Peter Thiel the enigmatic controversial and hugely influential power broker who sits at the dynamic intersection of tech business and politics Since the days of the dot com bubble in the late 1990s no industry has made a greater global impact than Silicon Valley And few individuals have done more to shape Silicon Valley than billionaire venture capitalist and entrepreneur Peter Thiel From the technologies we use every day to the delicate power balance between Silicon Valley Wall Street and Washington Thiel has been a behind the scenes operator influencing countless aspects of contemporary life But despite his power and the ubiquity of his projects no public figure is quite so mysterious In the first major biography of Thiel Max Chafkin traces the trajectory of the innovator's singular life and worldview from his upbringing as the child of immigrant parents and years at Stanford as a burgeoning conservative thought leader to his founding of PayPal and Palantir early investment in Facebook and SpaceX and

relationships with fellow tech titans Mark Zuckerberg Elon Musk and Eric Schmidt The Contrarian illuminates the extent to which Thiel has sought to export his values to the corridors of power beyond Silicon Valley such as funding the lawsuit that bankrupted the blog Gawker to strenuously backing far right political candidates including Donald Trump for president Eye opening and deeply reported The Contrarian is a revelatory biography of a one of a kind leader and an incisive portrait of a tech industry whose explosive growth and power is both thrilling and fraught with controversy **eBay For Dummies**
