

Word Chains

For Phonological Awareness and Phonics Practice

**Close pairs, FLOSS, k/ck, ch/tch,
ge/dge and consonant digraphs**

About this resource

This resource is a set of 10 reusable word chain activities for practicing **phonological awareness** with a focus on medial vowels, close consonant blends and key spelling generalisations including FLOSS, k/ck, ch/tch and ge/dge. They also support phonics learning as each set focusses on a different spelling generalisation or set of sounds.

These sets are ideal for in-class or home **revision** and **vacation homework**. They can be used in a Tier 1 class, intervention settings, or acceleration work. Once made, they are reusable.

They are suitable to use with young children through to teenagers and adults who have phonological awareness challenges.

How to use this resource

- Print cards, cut out and laminate (if using)
- Give students an erasable whiteboard or the provided letter cards.
- Read the words one at a time to students.
- Before reading each word say: "Change one sound to make ..."
- Students erase the relevant letter and replace it with the 'new' one or choose the relevant letter tile to change the word.
- Students read the word.

Some words are real and some are nonsense. Nonsense words have been chosen so phoneme manipulation can be done one sound at a time. This is not a vocabulary exercise.

Tier 1/Intervention Adaptation

Use the letter tiles first to reduce the cognitive load of letter formation. Transition to using a whiteboard when less support is required.
