Christ Walk Anna Fitch Courie, 2014-12 Pairs physical training and spiritual practices together in an easy to use format Perfect for a 40 day Lenten devotion or beginning a new fitness program For a truly ecumenical audience What's better than feeding your soul while developing healthy practices for your body and mind Christ Walk outlines a 40 day program for individuals and groups to focus on improving physical health while engaging in spiritual and mental reflection and growth Individuals and groups select different biblical routes to complete through walking running biking etc while reading a reflective passage on health and spirituality each day of the journey Each chapter is a daily meditation on different aspects of mind body and spiritual health tied to biblical teachings and Christian traditions The appendices include options for groups and individuals to transform their Christ Walk experience from journey to journey

American English in Mind Level 4 Student's Book with DVD-ROM, 2011-10-31 American

English in Mind is an integrated four skills course for beginner to advanced teenage learners of American English. American English in Mind Level 4 Student's Book with DVD ROM features 16 units. Thought provoking reading, listening, speaking and writing topics motivate teenage students of American English. Content rich photostories and dialogues present contemporary spoken American English in realistic contexts. Culture in mind sections give insight into different aspects of English speaking life. Check your progress sections help students monitor their learning. The DVD ROM features stimulating grammar exercises, games, video unit tests, Workbook audio and selected Student's Book audio. The videos feature the photostory characters and include Videoke which allows students to record and hear their voices in portions of the video dialogues. *Other Rivers*

Peter Hessler, 2024-07-09 An intimate and revelatory account of two generations of students in China's heartland by an author who has observed the country's tumultuous changes over the past quarter century. More than two decades after teaching English during the early part of China's economic boom, an experience chronicled in his book *River Town*, Peter Hessler returned to Sichuan Province to instruct students from the next generation. At the same time, Hessler and his wife enrolled their twin daughters in a local state-run elementary school where they were the only Westerners. Over the years, Hessler had kept in close contact with many of the people he had taught in the 1990s. By reconnecting with these individuals, members of China's Reform generation now in their forties while teaching current undergrads, Hessler gained a unique perspective on China's incredible transformation. In 1996, when Hessler arrived in China, almost all of the people in his classroom were first-generation college students. They typically came from large rural families and their parents, subsistence farmers, could offer little guidance as their children entered a brand new world. By 2019, when Hessler arrived at Sichuan University, he found a very different China as well as a new kind of student: an only child whose schooling was the object of intense focus from a much more ambitious cohort of parents. At Sichuan University, many young people had a sense of irony about the regime but mostly navigated its restrictions with equanimity, embracing the opportunities of China's rise. But the pressures of extreme competition at scale can be grueling, even for much younger children, including Hessler's own daughters, who gave him an intimate view into the experience at their local school. In Peter Hessler's hands, China's education system is the perfect vehicle for examining the country's past, present, and future and what we can learn from it for good and ill. At a time when anti-Chinese rhetoric in America has grown blunt and ugly, *Other Rivers* is a tremendous essential gift, a work of enormous empathy that rejects cheap stereotypes and shows us China from the inside out and the bottom up. As both a window onto China and a mirror onto America, *Other Rivers* is a classic from a master of the form. **Quality Telefantasy**

Andrew Lynch, 2022-03-28 This book explores the relatively new genre of Quality Telefantasy and how it has broadened TV taste cultures by legitimating and mainstreaming fantastical content. It also shows how the rising popularity of this genre marks a distinct and significant development in what kinds of TV are culturally dominant and critically regarded. By expanding and building on the definition of US Quality TV, this book brings together a number of popular science fiction

fantasy and horror TV series including Game of Thrones The Walking Dead and Westworld as case studies which demonstrate the emergence of the Quality Telefantasy genre It looks at the role of technology including internet recap culture and subscription video on demand distribution in Quality Telefantasy s swift emergence and analyses its success internationally by considering series created outside the US like Kingdom South Korea Netflix and Dark Germany Netflix The book argues that Quality Telefantasy series should be considered a part of the larger Quality TV super genre and that the impact they are having on the global TV landscape warrants further investigation as it continues to evolve This is a valuable text for students and scholars studying or undertaking research in the areas of television studies new media and pop cultural studies

AWS Certified SysOps Administrator Official Study Guide Stephen Cole,Gareth Digby,Chris Fitch,Steve Friedberg,Shaun Qualheim,Jerry Rhoads,Michael Roth,Blaine Sundrud,2017-09-19 Comprehensive interactive exam preparation and so much more The AWS Certified SysOps Administrator Official Study Guide Associate Exam is a comprehensive exam preparation resource This book bridges the gap between exam preparation and real world readiness covering exam objectives while guiding you through hands on exercises based on situations you ll likely encounter as an AWS Certified SysOps Administrator From deployment management and operations to migration data flow cost control and beyond this guide will help you internalize the processes and best practices associated with AWS The Sybex interactive online study environment gives you access to invaluable preparation aids including an assessment test that helps you focus your study on areas most in need of review and chapter tests to help you gauge your mastery of the material Electronic flashcards make it easy to study anytime anywhere and a bonus practice exam gives you a sneak preview so you know what to expect on exam day Cloud computing offers businesses a cost effective instantly scalable IT infrastructure The AWS Certified SysOps Administrator Associate credential shows that you have technical expertise in deployment management and operations on AWS Study exam objectives Gain practical experience with hands on exercises Apply your skills to real world scenarios Test your understanding with challenging review questions Earning your AWS Certification is much more than just passing an exam you must be able to perform the duties expected of an AWS Certified SysOps Administrator in a real world setting This book does more than coach you through the test it trains you in the tools procedures and thought processes to get the job done well If you re serious about validating your expertise and working at a higher level the AWS Certified SysOps Administrator Official Study Guide Associate Exam is the resource you ve been seeking
