The Insta-Food Diet Pixie Turner, 2020-08-06 Social media is a major part of modern life. Most of us can't imagine not using it and it's unrealistic to assume that's even possible. We are obsessed with social media. We share pictures of our food and inspect what everyone else is eating, compare calories and macros, and get involved in wacky and dangerous food challenges. We think we're in control, but most of us have no idea how much of an impact it has. Did you realise that posting pics of your meal can actually make it taste better? That clean eating is giving you anxiety? That the influencers you follow are actually shaping government policy around food? Pixie Turner is here to arm you with everything you need to know to take back control and make social media work for you.

Brand Marketing on Instagram Rishabh Bansal, The Instagram network is 1 billion strong and there is a lot of potential to market your brand using the portal. The book *Brand Marketing on Instagram* teaches you exactly how to create a powerful brand image using visuals that could give your brand more recognition. Starting from the basics, get to know the high-end tools that help you to grow on Instagram. Step by step in each chapter, you'll learn the branding strategies, how to gain more visibility among your target audience, account growth tactics, and much more. The live case studies to get targeted followers and more reach will help you dive deep and grow your brand.

Chapters: Chapter 1 Introduction to branding and Instagram marketing; Chapter 2 Basic concepts of Instagram; Chapter 3 Competitor Research on Instagram; Chapter 4 Content Creation; Chapter 5 Hashtag Research; Chapter 6 Profile Growth; Chapter 7 Automation; Chapter 8 Paid advertising on Instagram; Instagram Ads; Chapter 9 Instagram TV IGTV. Instagram Marketing Algorithms Michael Gates, 2020-10-06 The way brands communicate with their existing and target audience has undoubtedly transformed. One of the main reasons for this transformation is the increase in the popularity of social networking platforms. These days, an increasing number of brands are using visual media for communicating their brand's message. Social media has certainly revolutionized our lives. Instagram has stood the test of time and is now one of the most popular social networking platforms today. So if your brand isn't already on Instagram, then there is no time like the present to get started. Instagram has been around for a while, but not a lot of people know how to make the most of its features. The creators of this platform keep introducing new features along with changes to the algorithm. So it is quintessential that you stay on top of all the updates. In this book, you will learn about the things you need to increase your following on Instagram so you can maximize your profits. You will be given information about the different benefits you can reap by using Instagram. You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand's Instagram profile. Apart from this, you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience. Marketing on Instagram and how you can increase your following are also

discussed in detail in this book A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world Instagram is great for sharing videos and photos so make sure that when you connect the business with your followers make sure that it stays consistent with your brand rather than straying away or showing things that just don't go together Use your brand or company name in hashtags the hashtags that you pick don't have to be complicated If you already have a pretty good following on Instagram or your brand name is well known go ahead and use this as one of your hashtags This will make it easier for your followers to find you because they can just search the name and find some of your posts Make a follower famous it is not just about your followers checking out your posts it is about how you interact with your followers Take the time to look over the pages of your followers and then like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately
