PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0 Malik McCotter-Jordan, 2021-12-25. I'm not suggesting that you fire your boss or quit your job. In fact, I advise you to keep your job. In this book, I have a job that's called having more than one stream of income and I talk about that in this book. This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest, him shamelessly promoting financial firms that he has an ownership stake in, and saving 10% to 20% of your income. This is a raw and real book written by a guy who is only a few steps ahead of you. That's it. I'm not a guru. This is not a scam. I put my heart and soul into making this. I wrote this book as if it was for the 18-year-old me. Anyone who leaves a review saying that this book lacks realistic actionable advice is just plain wrong. I even did what most of these personal finance authors don't have the guts to do. I talk about my personal life and the mistakes I made that cost me thousands of dollars. That's why this genre is called personal finance, right? I get really personal. Some might say it's too personal. If you're a young man who is tired of being broke, living paycheck to paycheck, not owning any assets, being clueless about taxes, and not being able to get ahead in the United States, then this is the book for you. I started off as a poor black boy in a small town in Alabama. On section 8, I currently have a 6-figure net worth. If I can do it, you can too. Buy this book today.

reading this book if you expect to earn money on Fiverr.com overnight. That's just plain unrealistic. The information in this book will only work if you are patient. Learn Sales Malik Jordan, 2020-03-21. This is a short book that is designed for people who are complete newbies when it comes to selling in the 21st Century. My name is Malik McCotter Jordan. I am an American soldier and the author of this book. I have been selling products and services since 2012. Over the years, I have acquired a massive amount of knowledge about sales, and I condensed everything I know about selling into this book. I went through trial and error to learn what I know now. So when you read this book, you will be able to avoid all of the mistakes I have made in the past. I am confident that this is a very valuable book about sales because not only does it teach you about selling, but it also teaches you how to not come off as pushy, annoying, or downright sleazy while you're selling things to people. That is something I know a lot of people would like to learn how to do. I understand that you are a busy person, and that due to today's economy and job market, no one really has the time nor the attention span to be reading 200-page books about sales. I know that you want to learn this skill without wasting time reading a bunch of information that you really don't need, so I decided to take initiative and make this book as short as I could without compromising its value and practicality. I am NOT a sales GURU. Or any type of person that is trying to sell you a dream. I'm just a guy that learned a skill, and I want to share what I know about this skill with you. That's all. If you're skeptical, then I don't blame you. I would be too. There's a lot of scammers on the internet, and they have made it extremely hard for you to trust people online. So with that being said, I'm going to make you an offer that will be difficult for you to refuse. If you believe this will add value to yourself and your future, then purchase this book today, and if you are not satisfied with this book within the first 30 days, then you can get a refund, no questions asked. There is no risk involved. For less than what you would spend on a cup of coffee from Starbucks, you can own this book. Unlike an overpriced cup of coffee from Starbucks, this book will teach you the basics of selling. Learning how to sell will give you the ability to buy as many cups of coffee as you want. Start learning the sales techniques that work in the 21st century today. If you want to know how to learn how to sell without being too salesy, then this book will help you out with that. **CALL TO ACTION** If this is something you are interested in because you think it will help you out, then you should buy *Learn Sales: The Beginner's Guide For Selling in the 21st Century* today, risk-free. If you're not satisfied with this book within the first 30 days, then you can get your money back, guaranteed, no questions asked. Begin your
