Mobile Mapping Clancy Wilmott, 2025-10-01 This book argues for a theory of mobile mapping a situated and spatial approach towards researching how everyday digital mobile media practices are bound up in global systems of knowledge and power Drawing from literature in media studies and geography and the work of Michel Foucault and Doreen Massey it examines how geographical and historical material social and cultural conditions are embedded in the way in which contemporary digital cartographies are read deployed and engaged This is explored through seventeen walking interviews in Hong Kong and Sydney as potent discourses like cartographic reason continue to transform and weave through the world in ways that haunt mobile mapping and bring old conflicts into new media In doing so Mobile Mapping offers an interdisciplinary rethinking about how multiple translations of spatial knowledges between rational digital epistemologies and tacit ways of understanding space and experience might be conceptualized and researched **Mapping** Jeremy W.

Crampton, 2011-09-09 Mapping A Critical Introduction to Cartography and GIS is an introduction to the critical issues surrounding mapping and Geographic Information Systems GIS across a wide range of disciplines for the non specialist reader Examines the key influences Geographic Information Systems GIS and cartography have on the study of geography and other related disciplines Represents the first in depth summary of the new cartography that has appeared since the early 1990s Provides an explanation of what this new critical cartography is why it is important and how it is relevant to a broad interdisciplinary set of readers Presents theoretical discussion supplemented with real world case studies Brings together both a technical understanding of GIS and mapping as well as sensitivity to the importance of theory **Everything the**
