This anthology continues a tradition that is intended to give impetus to the development of Egyptian and Arab discourses on translation, both within and beyond the American University in Cairo. It is a welcome and important contribution to raising the profile of translation in all its forms and of translators in the region. Mona Baker, University of Manchester. Since its founding, the Center for Translation Studies has hosted an astonishing number of academic events that are among the most intellectually serious and internationally prominent of AUC's activities in the humanities; this has been noted by universities across the world. Indeed, the *In Translation* lecture series is, without any exaggeration, the most impressive public lecture series of its kind anywhere and far beyond anything comparable in Africa or the Middle East. Adam Talib, Durham University. AUC's Center for Translation Studies has proved itself a vital interpreter of texts and events generated by Egypt's turbulent political history and fervent artistic culture.
