Red Stream Paul Tracy,2013-03-28 Max paused and bent his head at an angle to get a better look That was wine a leak coming from one of the vats not much a dribble but definitely a leak wending its way across the slightly sloping floor of the cellar into the gutter running down the middle He walked briskly towards it then stopped catching his breath The shiny black shoes stuck out foolishly into the alley just below the blue overalls Pierre Berton a youngish man with sandy hair lay on his side with a sad expression on his face The red stream gently seeping across the cellar floor was not wine This macabre discovery in a wine cellar in south west France is the beginning for Max Christian winemaker extraordinary of a chase to uncover a huge network of wine fraud with worldwide tentacles The pursuit takes him to Provence London Italy and California with the increasing feeling that he is gradually turning from the hunter into the hunted But in that case who are the hunters Written by an insider Red Stream is an amazing thriller that perfectly takes advantage of its unusual background Highly recommended for everyone a must have for all wine lovers

Jenrow has always known she's destined to be a professional ballerina. In fact, it's in her blood according to family legend: her too many greats to count grandmother once danced for the Paris Opera and was painted by Degas himself. Her parents say it's just a fantasy, but to Mia, it's so much more than that. It's her fate. Mia is planning to spend a magical summer in France pursuing her dream, but as she pirouettes into Paris, she soon realizes it may be a bit more complicated than she hoped. For starters, there's her rival Audrey who will stop at nothing to show her up. There's her ballet instructor whose impossibly high standards push her to the breaking point. And then there's Louis. Devastatingly, distractingly charming Louis. He's eager to show Mia his city, and Mia is more than happy to hop on his Vespa and wrap her arms around him as they pass the gleaming lights of the Eiffel Tower. Mia's summer was supposed to be about ballet, but there's a reason Paris is called the City of Love.

Head Cases John McMahon, 2025-01-28 *Head Cases* follows an enigmatic group of FBI agents as they hunt down a murderer seeking his own justice in this electrifying and commercial series debut. FBI Agent Gardner Camden is an analytical genius with an affinity for puzzles. He also has a blind spot on the human side of investigations, a blindness that sometimes even includes people in his own life like his beloved seven-year-old daughter Camila Gardner and his squad of brilliant yet quirky agents. Make up the Patterns and Recognition PAR unit, the FBI's hidden edge brought in for cases that no one else can solve. When DNA links a murder victim to a serial killer long presumed dead, the team springs into action. A second victim establishes a pattern, and the murderer begins leaving a trail of clues and riddles, especially for Gardner. And while the PAR team is usually relegated to working cold cases from behind a desk, the investigation puts them on the road and into the public eye, following in the footsteps of a killer. Along with Gardner, PAR consists of a mathematician, a weapons expert, a computer analyst, and their leader, a career agent. Each of them must use every skill they have to solve the riddle of the killer's identity. But with the perpetrator somehow learning more and more about the team at PAR, can they protect themselves and their families before it's too late? With an enigmatic case that will keep readers on the edge of their seats and a thoroughly engaging ensemble cast, John McMahon's *Head Cases* is a triumph.
