TV Writing On Demand Neil Landau, 2024-08-13 This book takes a deep dive into writing for today's audiences against the backdrop of a constantly evolving TV ecosystem. The aim of this 2nd edition is to go beyond an analysis of what makes exceptionally compelling episodic TV series work. It is a master course in the creation of entertainment that does more than meet the standards of modern audiences; it challenges their expectations. The book will help readers discover how to satisfy the satiated viewer by analyzing the new hybrid genres, trends, and how to make smart initial decisions for a strong sustainable story. It will also cover the development of iconic characters that foster empathy and entice viewers to bond with characters and generate the sensation that their problems are mutual. Finally, the book will also take a deep dive into creating a lasting meaningful career in the TV marketplace by overcoming trips, traps, and tropes, the pros and cons of IP, the use of pitch documents, pitch decks, and show bibles as proof of concept in the marketplace. This will be an essential resource for student and professional writers and is supplemented with a companion website offering additional content including script excerpts, pitch document deck, show bible samples, scene analysis, and templates, plus useful writing exercises to break new ground and to mine new territory. *Official Gazette of the United States Patent Office* United States Patent Office, 1952
