You need this book Steven Bartlett author of The Diary of a CEO The world is changing It s time for a new financial playbook In this must have guide to optimizing your life for

wealth success and happiness you ll learn how to find and follow your talent what small steps you can take now that pay big returns later how to develop better financial habits Bursting with practical game changing advice from one of the world s most popular business school professors The Algebra of Wealth is the practical guidebook you need to win today s wealth game Today s workers have more opportunities and mobility than any previous generation They also face unprecedented challenges including inflation labour and housing shortages and climate volatility Even the notion of retirement is undergoing a profound rethink as our lifespans extend and our relationship with work evolves In this environment the tried and true financial advice our parents followed no longer applies In The Algebra of Wealth Galloway lays bare the rules of financial success in today s economy In characteristic unvarnished no BS style he explains you what you need to know in order to improve your chances of achieving economic security no matter what

Social Security and Economic Globalization Paul J.J. Welfens,2013-12-09 Economic globalization is a complex phenomenon where the links between social security expenditures and globalization are not well understood so far This study summarizes new key findings and highlights new theoretical insights in the field of social security systems labor standards taxation and economic globalization Moreover new thoughts on the links between social security systems and migration as well as between free trade areas and social market economy development are presented The book analyzes the role of a changing age dependency using a Branson model and it derives implications for the stock market price index the exchange rate and the interest rate Economic globalization needs to be politically managed and through the Transatlantic Banking Crisis and the Euro Crisis the need to more carefully draw the rules of the game for financial globalization has been highlighted Unstable financial markets have a large potential to undermine social market economies and social security systems The rising income inequalities within countries raise more policy challenges for Europe than for the US
